How does ProNail Complex work?

ProNail Complex Work tackles the root cause of nail fungal infection. The manufacturer believes toenail fungus is caused by an imbalance of the microbiome.

Toenails are home to a wide variety of bacteria and fungi that can be both beneficial and harmful. A toenail imbalance can cause fungus, brittle nail, and more.

ProNail Complex Work restores microbiome balance and encourages growth of beneficial bacteria in the nails. It seals in moisture to prevent cracked skin, pain, and dryness.

The oils and vitamins in the nail formula repair your skin, and help eliminate fungus. The ingredients in each spray penetrate deeply into the skin and nail beds, providing nourishment to overall nail health.

This advanced formula contains anti-inflammatory and antioxidant properties which strengthen the immune system, reduce inflammation and soothe the skin and nails.
