

Advanced Nerve Support

When you order Advanced Nerve Support today, you can rest assured you're getting **only the highest quality ingredients** from carefully vetted suppliers around the world.

In fact, we only do business with suppliers who follow **strict quality control inspections** at each stage in their manufacturing process... and can *prove* it.

All the clinical dosages of these potent ingredients are formulated right here in the USA. Our facility is FDA-registered and inspected, and follows all current Good Manufacturing Practices safety standards.

Rome wasn't built in a day, and neither were your nerves.

So to naturally repair them, you need to consistently supply their delicate network with **the nutrients they crave.**

Make Advanced Nerve Support part of your daily routine, just like your other favorite supplements, and you'll be amazed at the renewal you'll feel throughout your body.

(Not to mention the renewed *confidence* you'll feel to tackle your day and get maximum enjoyment from it.)

All this is waiting for you when you try Advanced Nerve Support today.

Imagine feeling no more burning, freezing, or pins and needles.

Imagine not having to reach for the hot or cold packs, painkillers, creams, or other stopgap solutions anymore.

Most importantly, **imagine the freedom you'll feel to work, play, and live how you want.** On your terms and in total confidence. No nursing homes or assisted living for you!

After trying Advanced Nerve Support, you won't need to imagine any of that.

You'll be living it!

Primal Labs Advanced Nerve Support is a dietary supplement that relieves nerve pain and enhances overall nerve health. Primal Labs Advanced Nerve Support is a food supplement that supports healthy nerve comfort in the legs and feet, provides support for normal nerve function, and supports healthy sensory perception. It helps ease symptoms of nerve damage, such as tingling, numbness, and pain in the hands and feet.

**PRIMAL LABS ADVANCED NERVE SUPPORT
SUPPLEMENT: OFFICIAL WEBSITE**

Advanced Nerve Support restores nerve health to relieve pain for all consumers, including those with chronic problems. The formula is made up of natural ingredients

to support nerve function. It also supports sensory nerve function.

What is Advanced Nerve Support (ANS)?

Anyone can experience nerve pain, although older consumers tend to be more prone to it. Some people take NSAIDs from the pharmacy while others stretch and move in order to relieve their pain. There is a solution that has been around for a very long time and helps anyone who uses this since the late 1800s. Primal Labs' creators developed Advanced Nerve Support in response to this.

Dr. Marlene Meritt, author of Natural Health Connections, developed Advanced Nerve Support. She has written several best-selling books about the best ways to achieve good health. She has helped people all over the globe heal with her medical knowledge and research. She created this formula based on her research and discovery of Weaver's 1888 test. Advanced Nerve Support regulates blood sugar levels, reducing the risk of pain.

Primal Labs' Advanced Nerve Support has already made a difference in the lives of thousands.

Primal Labs Advanced Nerve Support Ingredients

Vitamin B1

Advanced Nerve Support uses two types of vitamin B1 - benfotiamine and thiamine - to achieve the desired results. Benfotiamine and thiamine are very similar, but consumers can absorb it better. Both products increase the amount of thiamine that the body can retain.

Vitamin B1 is primarily used to reduce the risk of heart failure. It helps to strengthen the nervous system, and can reduce the risk of eye and brain diseases. It promotes a healthier immune system.

Vitamin B6

Vitamin B6, or pyridoxine as it is also called, improves the strength of your immune system and nervous system. Researchers found that it supports the blood, brain, and heart. Some consumers use this ingredient for depression and premenstrual symptoms. Some consumers use this ingredient to reduce anemia severity and cancer risk.

Vitamin B6 is a natural mood booster, particularly during times of stress.

Vitamin B12

Vitamin B12 is available in two forms: methylcobalamin, and cyanocobalamin. Each has a different level of support, but they are all crucial to normal nerve function. Vitamin B12 plays a role in the production of neurotransmitters, hormones and other important messenger substances that regulate our brain's function. Methylcobalamin is used by consumers who wish to reduce nerve pain, while strengthening their nervous system.

Cyanocobalamin, a synthetic form of vitamin B12 isn't as powerful as the natural source. The body can't easily absorb

methylcobalamin, so it was used instead. This active form supports the natural protective layer in the nervous system.

Alpha Lipoic Acid

Alpha lipoic acid is a powerful antioxidant that can help with blood sugar and liver disease. Alpha lipoic acids are often used by consumers for their anti-aging properties, but they also help to reduce inflammation and support weight loss. All of these benefits are mainly due to its antioxidant support.

Supplement Facts

Serving Size 2 Capsules
Servings Per Container 30

	Amount Per Serving	% DV
Vitamin B6 (as pyridoxine hydrochloride)	1.7 mg	100%
Vitamin B12 (as methylcobalamin)	250 mcg	10,417%

*Daily Value (DV) not established.

Other ingredients: Gelatin, microcrystalline cellulose, magnesium stearate, silicon dioxide.

Purchase a bottle of Advanced Nerve Support

If consumers want to know what Advanced Nerve Support is capable of, they can place an order directly with the creators. It is possible to buy the formula in bulk or a single bottle. Orders of six bottles offer the biggest discounts,

but customers still receive a great deal.

Select from the following:

- Buy one bottle at \$39.99
- Three bottles at \$35.59 per bottle
- Six bottles at \$29.99 each

After the purchase, all customers provide a 60-day refund guarantee. Customers must pay \$4.95 for a single bottle of wine, but the rest are free.

Advanced Nerve Support: Frequently Asked questions

Q. Q. How does Advanced Nerve Support differ from other formulas.

A. This formula provides consumers with ingredients that have been proven effective in clinical studies. The formula helps to relieve nerve pain by repairing nerves in the entire body. It does not hide behind natural ingredients that relieve pain; it addresses the root cause of the problem.

Q. Q. Is Advanced Nerve Support a safe product?

A. Yes. Consumers don't have to worry about side effects because of the clinical studies that are currently being conducted on each ingredient. No customer has reported any side effects. Each batch is tested during production to make sure it's pure and consistent.

Q. What can the consumer expect from Advanced Nerve Support?

A. The changes in this formula are divided into two phases. In about three weeks, the consumer will feel their

discomfort diminish. The pain initially becomes mild. Advanced Nerve Support also helps consumers improve their

sensory perception by adjusting electrical frequencies in the feet, legs and toes. Consumers should use this regimen for at least 3-6 months to fully relieve the discomfort and heal the nerves.

Q. Q. Where else can customers buy Advanced Nerve Support

A. The creators do not allow their product to be sold elsewhere. The risk of a fake version of Advanced Nerve Support is increased when selling outside the Primal labs platform. The best way to save money is to buy directly from the manufacturer.

Q. Q. How do I use Advanced Nerve Support (ANS)?

The formula is encapsulated, so users are required to take two capsules per day. The capsule does not require a meal, but can help improve digestion in those with sensitive stomachs. Before adding supplements, users who are taking medication prescribed by their doctor should consult a medical professional.

Q. Q. How can consumers order Advanced Nerve Support products?

A. Customers must visit the official website to place orders. Unfortunately, orders can't be placed by phone.

Q. What happens if Advanced Nerve Support doesn't work?

A. The creators will refund any money to customers who return the product to them within 60 days of delivery if the remedy doesn't work.

- The customer service team can be reached by emailing support@primalhealthlp.com or calling 877-300-7849.
