Nuubu Detox patch is easy to apply and can be used daily. Apply the patch to the soles of your feet before bedtime and remove it the next morning. It is believed

that the patch will turn dark after absorbing toxins. After use, it should be thrown away.

Nuubu Detox patch foot pads are sold as a health product, but there is little scientific evidence that they work. Nuubu detox patch is a health supplement. It's important to speak with a doctor before using it, especially if there are any underlying conditions or you take medication.

How does Nuubu Detox Patch work?

Nuubu Detox Patch works by drawing toxins out of the body as the user sleeps. The patch should be placed on the soles of the feet, so that it can do its work without interference. The Nuubu Detox patch foot care pads, according to their manufacturers, are made of natural ingredients and are safe.

Nuubu Detox Patch uses reflexology principles. The sole of the feet has many acupressure points which are linked to various organs. The patch stimulates the organs by applying pressure on these points. The patches are made up of a mixture of natural ingredients believed to draw toxins out of the body.

Nuubu Detox patch contains bamboo vinegar, wood vinegar, and tourmaline. Bamboo vinegar is an extract believed to improve circulation and detoxification.

Tourmaline, a mineral known for emitting negative ions that are thought to neutralize toxins within the body, is another natural extract. Wood vinegar is a natural extract believed to promote detoxification and overall health.

Nuubu Detox Patch is simple to use. Apply the patch on the sole of your foot before you go to sleep and remove it the next morning. The patch will be darkened, which means it has absorbed the toxins in your body. The patches have been reported to make users feel more energetic and refreshed.

Nuubu's Detox Patches are a great way to detoxify and improve your overall health. The patches contain natural ingredients that work together to remove toxins and improve circulation. Regular use can lead to improved energy, better sleeping and a stronger immunity system.

Ingredients and Uses of Nuubu Detox patch

Nuubu Detox patches are foot pads which use the transdermal technique to remove toxins and promote health. The patches contain a mixture of natural ingredients which work together to detoxify the body and improve its overall health.

Ingredients of Nuubu Detox Patch:

- **Bamboo Vinegar:** This ingredient is used in traditional medicine due to its detoxifying qualities. It is thought to draw toxins out of the body via the skin
- **Tourmaline:** This mineral has been said to improve circulation and boost immunity. It may also help to reduce anxiety and stress
- **Vitamin C:** This antioxidant protects the body from free radical damage, and supports the immunity.
- **Dextrin:** This carbohydrate is used in many supplements as a binder. It's believed to improve digestion and support intestinal health
- **Wood Vinegar:** This ingredient comes from sap of trees, and it is believed to possess antibacterial and anti-inflammatory properties. It's also believed to improve circulation and promote healing
- **Loquat leaf:** This herb is used to treat coughs and sores throats in traditional medicine. It's also thought to have antioxidant properties
- **Houttuynia Cordata Thumb:** This herbal is used to treat inflammation and infections in traditional Chinese medicine. It's also thought to have antioxidant properties.

Nuubu Detox Patch Benefits

Nuubu Deep Cleaning Foot Pads are a non-invasive and natural way to remove toxins. The patches draw out toxins from the soles of your feet as you sleep. Nuubu Detox patch has many benefits.

1. Improved Sleep Quality
