What is Slim Guard?

Slim Guard is marketed as a supplement that can help flush out fat, without diet restrictions or exercising. It targets the root cause for stubborn abdominal fat.

Stanford scientists have discovered that you can activate fat-detoxing cell in your body and double fat loss. You can also turn back your metabolism by 20 years with slimming nutrients. Between 20 and 50 years old, fat

detoxing cells decrease by 39%, leading to an accumulation of fat around the abdomen, thighs and hips.

Slim Guard's manufacturers claim that their formula can help you lose up to three pounds the first day of use. The formula also improves your cognitive and digestive functions. The slimming ingredients in the formula reduce triglyceride and boost the immune system to reduce the risk of infection.

Slim Guard is a powerful supplement that eliminates the negative effects of obesity. This includes diabetes, arthritis and heart disease. It also reduces blood sugar levels, blood pressure, and blood glucose. The supplement helps block the absorption of fat from your favorite food. It may also triple the amount that your body excretes. Enjoy your ice cream and cake without worrying about the fat around your waistline.

This formula reduces appetite and cravings, which are major factors in weight gain. The slimming nutrients you consume will cause you to pee out the excess fat. You will get a delicious and refreshing drink that will change everything including your cholesterol, blood pressure, and heart health.

Slim Guard: Benefits and Uses

Slim Guard is a natural product that triggers fat burning by activating the body's fat detoxing cells. When your fat-detoxing cells are active, you can easily melt unwanted fat in your arms, hips and thighs.

You will look younger and more radiant. The nutrients in Slim Guard can help you achieve a youthful and brighter look. This boosts your confidence. You will look younger and radiant with a youthful glow.

Instant pain relief - Extra fat deposits in the knees and lower back can cause unnecessary pain and aches. Slim Guard melts away extra layers of body fat, making your body lighter and eliminating pain.

Slim Guard is a powerful anti-inflammatory product that helps to repair your body and boosts the immune system. It also reduces the risk of disease and infection.

Slim Guard can help reduce appetite and cravings. It helps you consume less calories each day. This is equivalent to approximately 65 lbs. of weight loss per year.

The slimming formula blocks fat absorption. This includes ice cream, cheese, cookies or cake.

There are also:

- Reduce blood pressure to normal range
- Protecting your organs vital, such as your kidney, liver and brain
- Healthy and glowing skin, and strong and luscious hair
- Slim Guard helps you awaken feeling refreshed after a deep, restorative night's sleep.

Slim Guard Ingredients

Slim Guard contains five essential slimming nutrients that have been clinically proven by researchers to activate the fat-detoxifying cells in your body. These nutrients can be added to any beverage and work for everyone. Slim Guard is made from natural ingredients.

Sodium Chloride

Sodium chloride activates enzymes that break down triglycerides. The makers of Slim Guard claim that the weight loss supplement stimulates fat-burning cells, but warn it could increase susceptibility to infection.

Sodium chloride is a powerful antioxidant that protects from heart disease, cancer and cognitive decline. It also helps to reduce chronic inflammation. The unique

nutrient also helps to transport fatty acid out of fat cells and releases energy.

Potassium Citrate

According to the website potassium citrate may cause you to lose up to 11% your BMI in a matter of months. The compound balances metabolic levels and reduces the absorption of fat in the body.

You can release unwanted fat tissue by using potassium citrate. This mineral is also good for digestion, intestinal health and metabolism. It increases the breakdown of calories to energy.

Magnesium Malate

Magnesium malate is a superfood for fat loss that activates fat-detoxing cell and can melt fat up 525 percent faster. It prevents fat from entering the organs of the body, allowing you to excrete excess fat in urine.

This fat-eliminating nutrient improves energy and metabolism, and causes weight loss. According to studies, magnesium malate helps detoxification in the body. It does this by improving liver function and the elimination of toxins.

Calcium Citrate

Numerous studies have shown that calcium citrate is effective in weight management. Slim Guard is a slimming supplement that activates fat-detoxifying cell activity by as much as 26%. Also, it helps to improve sleep patterns and your energy levels. Calcium citrate also strengthens bones and helps with digestion issues. It also supports blood circulation.

Zinc Glycinate

Zinc glycinate, a powerful ingredient found in Slim Guard, helps reduce cravings and curb appetite. The nutrient helps you consume 600 calories less per day. Zinc glycinate increases insulin sensitivity, decreases fat accumulation, and supports healthy hormonal balance.

How to Use Slim Guard

Slim Guard is available in powder form. A jar of 800mg should last about a month. Add one scoop to your favorite beverage.

Slim Guard is available at any time. The Slim Guard drink activates fat-detoxifying cell, allowing you lose weight instantly. To maximize the results of Slim Guard, use it for a minimum of 3-6 months. Include a low carb diet and regular exercises to maintain your weight loss.

Slim Guard can be used by anyone who wants to lose weight fast, regardless of their age, size, weight, gender etc. The weight loss formula is natural and does not have

any side effects. You should not use Slim Guard if pregnant, nursing, under 18 years old, or if you have an existing medical condition.
