

Escape the Menopause Rollercoaster

MenoRescue supports proper hormone levels and is formulated with the latest research and backed by real-world results.

[WELLME MENOPAUSE: OFFICIAL WEBSITE](#)

Menopause is a complex process that can be difficult to navigate. Symptoms like mood swings and weight gain are common. MenoRescue is backed by Ivy League-level research and real-life testimonies. It targets the root of menopausal symptoms: unhealthy cortisol.

MenoRescue is unique among menopause products because of its dual approach. The formula helps to maintain healthy cortisol for hormonal balance, and it gently supports the body's productions of estrogen and progesterone. This comprehensive system provides support for women going through menopause. It aims to reduce common symptoms and improve quality of life.

[MENO RESCUE SUPPLEMENT: OFFICIAL WEBSITE](#)

The key ingredients, such as Sensoril(r), Ashwagandha and Greenselect(r), green tea extract are carefully chosen for their efficacy at regulating cortisol. MenoRescue is complemented by a blend of hormone boosters that include Sage Leaf, Red Clover and Black Cohosh.

MenoRescue, manufactured under strict quality control in a cGMP certified and FDA-inspected USA facility, is vegan friendly and free of common allergens. MenoRescue helps you regain your balance during the menopausal phase and to glide through it smoothly.

What is MenoRescue?

MenoRescue, an advanced dietary product specifically designed to help women deal with the challenges of menopause. The innovative blend of herbs and cutting-edge Ivy League science helps to support healthy hormone levels, promote well-being and maintain a healthy hormonal balance. By focusing on balancing cortisol levels--a key factor in menopausal discomfort--MenoRescue aims to provide relief from common symptoms such as hot flashes, weight gain, brain fog, and mood swings. MenoRescue is a comprehensive solution to menopause, as it not only supports hormonal balance, but also the body's production of progesterone and estrogen.

MENORESCUE SUPPLEMENT: OFFICIAL WEBSITE

Does MenoRescue Work?

MenoRescue targets the root cause of cortisol imbalance. Unhealthy levels of cortisol can have a negative impact on your body. This is especially true during menopause when they accelerate the loss of estrogen and progesterone. MenoRescue uses clinically-tested ingredients like Sensoril(r), Ashwagandha, and Greenselect(r), Green Tea Extract in order to maintain healthy cortisol. These ingredients regulate hormonal fluctuations, reduce anxiety, and promote overall wellbeing. MenoRescue is backed by numerous testimonials and scientific studies that support its efficacy. It's a good choice for women who are experiencing menopause.

What Ingredients are in MenoRescue?

MenoRescue contains a carefully curated list, with each ingredient selected for its proven benefits to manage menopause symptoms.

Sensoril(r) Ashwagandha

Sensoril(r), a patented version of Ashwagandha is known for its many health benefits. This herb is especially

beneficial during menopause. This advanced formulation is unique in that it promotes healthy cortisol, which is crucial for hormonal balance. By maintaining a balanced cortisol level, Sensoril(r), helps boost energy and promote restful sleep. This dual action allows menopausal woman to maintain a vibrant life style while reducing sleep disturbances associated with menopause.

Greenselect(r) Phytosome

Greenselect(r) Phytosome is a caffeine-free, unique green tea extract that has been known to boost metabolism. This ingredient, which uses patented Phytosome Technology, is highly effective at reducing fat and boosting metabolism. It is especially beneficial in managing weight gain, also known as "meno-belly", during menopause. Greenselect(r) enhances metabolism and reduces cravings to maintain a healthy body weight.

Rhodiola Rosea

Rhodiola Rosea is a native plant of Asia and Europe that has been known to improve cognitive function and mood. Menopausal woman can reduce their stress levels and brain fog by promoting healthy cortisol. Rhodiola Rosea also boosts energy and supports joint comfort, so it is a great all-rounder to address multiple menopause symptoms.

Schisandra Berry

Schisandra Berry is a powerful supplement for women going through menopause. It comes from a vine like plant that's native to China. It reduces night sweats and hot flashes by promoting hormone balance. It also supports cognitive health by boosting energy and memory while improving mental clarity. The comprehensive support will help menopausal woman navigate their daily life with greater comfort and vitality.

Sage Leaf

Sage Leaf, an evergreen shrub, has been used medicinally for many years to treat menopause symptoms. It helps to control hot flashes by supporting estrogen and progesterone. Sage Leaf is essential for reducing the discomfort caused by sudden temperature changes. An eight-week study showed that it promotes healthy body temperatures.

Red Clover

Red Clover contains compounds that are structurally similar with estrogen. These isoflavones are similar to estrogen in the body and offer relief from menopausal symptom. Red Clover has been shown in clinical studies to improve menopausal symptoms, such as night sweats

and hot flashes. It is therefore an essential ingredient in improving the quality of life of menopausal woman.

Black Cohosh

Black cohosh has estrogen-like qualities, which makes it highly beneficial to menopausal woman. It regulates mood and body temperatures, reducing night sweats and hot flashes. Black Cohosh also boosts energy and libido to improve overall well-being. Black Cohosh's many benefits make it an important part of the treatment for menopause.

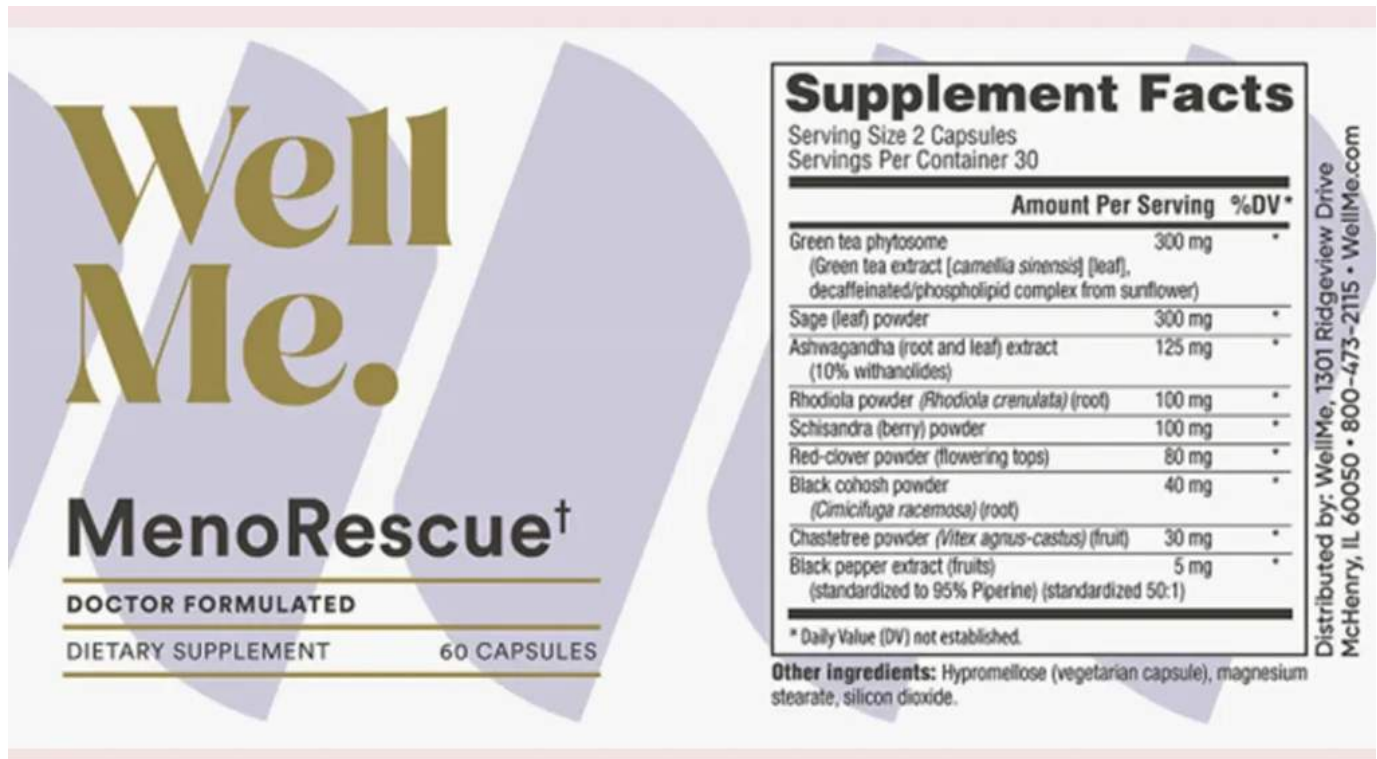

Chasteberry

Chasteberry is also known as Vitex Agnus Castus. It's a powerful herb that helps support progesterone. Chasteberry promotes hormonal balance and helps alleviate menopausal symptoms such as breast tenderness, hot flashes and mood swings. Chasteberry's ability to promote restful sleep, as well as enhance joint comfort, makes it an effective solution for menopause.

BioPerine(r)

BioPerine(r), a black pepper extract patented by MenoRescue, is crucial in increasing the absorption rate of other ingredients. BioPerine(r), by increasing bioavailability ensures the body can utilize the beneficial

components present in the supplement. This increases the effectiveness of the other ingredients and ensures that women going through menopause receive all the benefits of the formula.

The image shows the packaging for Well Me. MenoRescue+ and a Supplement Facts table. The packaging is white with gold and purple accents. MenoRescue has side effects.

MenoRescue contains natural ingredients of high quality that are well tolerated. Individual reactions can vary, just as they do with any other dietary supplement. Some users experience mild stomach upset or allergies. Consult your healthcare provider before beginning any new supplement. This is especially important for those with

existing health conditions. MenoRescue, on the other hand, is produced in a FDA-inspected facility. This ensures that strict quality and safety standards are met.

Who is MenoRescue made by?

MenoRescue was created by WellMe (r), an organization dedicated to improving women's well-being and health. WellMe (r) was founded by Andrea Taylor, CPT and CNSC. The company is dedicated to developing effective health supplements. The company adheres to strict manufacturing standards and is dedicated to quality. It sources only the best ingredients. WellMe(r), a WellMe brand, ensures each product is backed up by scientific research. It's also produced in modern facilities that guarantee safety and effectiveness.

Does MenoRescue really work?

Absolutely. MenoRescue was developed using scientific research and feedback from real users. Ingredients are chosen for their ability to alleviate and manage menopause by promoting healthy cortisol and hormonal balance. Its effectiveness is attested to by numerous customer testimonials as well as scientific studies. MenoRescue addresses the underlying causes of discomforts associated with menopause, helping users to navigate this difficult life phase more comfortably.

Is MenoRescue A Scam?

MenoRescue does not involve a scam. It is a well-researched, legitimate product, manufactured by the reputable WellMe(r). The product is made with ingredients that have been studied in clinical trials, and it's manufactured to strict quality standards. The product comes with a 180-day guarantee of satisfaction, which allows users to test it out without risk. You can return it for a refund if you are not satisfied, demonstrating the confidence of the company in the product's effectiveness.

Customer Testimonials

Jane S., New York

"MenoRescue completely transformed my life. My hot flashes are almost gone, I have more energy, and sleep like a newborn. It's incredible to feel like yourself again !"

Maria G.

I was initially sceptical, but MenoRescue delivers. No longer do I wake up sweaty. I have lost weight and my mood has improved dramatically. Highly recommended ."

Eleanor V.

MenoRescue was the only product that actually worked after trying many others. I am happier, have more energy, and no longer suffer from brain fog. This product is a real game changer ."

Is MenoRescue FDA Approved?

Before a dietary supplement like MenoRescue can be sold, it is not necessary to get FDA approval. MenoRescue, however, is produced in a FDA-inspected facility to ensure it meets current Good Manufacturing Practices. This ensures high standards of quality and safety for consumers.

Where can I buy MenoRescue?

MenoRescue can be purchased directly on the official site. You can be sure that the product you are purchasing is authentic and take advantage of discounts and money back guarantees.

FAQs

MenoRescue is different from other formulas I've used in the past that didn't work. What makes MenoRescue different?

Other menopause formulations focus on supporting the declining levels of progesterone and estrogen. They do not, however, address the impact daily stress and cortisol surges have on millions of women, as new research has identified. MenoRescue addresses this issue by promoting healthy levels of cortisol with our exclusive hormone balancing blend. It also contains our Hormone Booster Blend which is a combination of ingredients that are proven to support healthy levels of estrogen and progesterone. This two-part unique formula is crucial for immediate and long-term effects.

MenoRescue works if you are perimenopausal, or postmenopausal.

MenoRescue does support and balance your hormones during the entire menopausal journey, from perimenopause through to postmenopause. It's formula is designed to adapt and provide relief at every stage.

Can I get a refund if I am not satisfied?

Absolutely! WellMe(r), offers one of industry's most generous guarantees. If you're not satisfied with MenoRescue after six months, we will refund you 100%, no questions asked. This guarantee is valid even if the entire bottle is empty. It shows our confidence in MenoRescue's effectiveness.

How many MenoRescue bottles should I order?

For the best results, we recommend purchasing our 3- or 6-month packages. According to clinical studies and the experiences of customers, MenoRescue is more effective the longer it's taken. These packages are also available at significant discounts and will not interrupt your progress. Stocking up is risk-free because each bottle of MenoRescue can be kept for two years.

How long does it take for me to receive my order after I place it?

Your order will be processed quickly and shipped. It will be delivered within 5-7 days for U.S. addresses. For orders placed outside of the U.S., it may take two weeks for them to arrive at their destination.

Additional Information

How do I use MenoRescue?

Take 2 capsules in the morning, with your breakfast. Each bottle contains 60 capsules for a 30-day supply.

Can I take MenoRescue with food allergies?

MenoRescue can be used by people with food allergies. It is vegan and vegetarian-friendly and free of gluten, dairy products, sugar, eggs, nuts, soy and crustaceans. It is also free from GMOs and BPAs. This ensures a pure, contamination-free product.

Will I be charged for additional bottles if I make a purchase?

This is an one-time purchase. You will never be charged again or enrolled in an auto-shipping program. You will not be charged any hidden fees for your purchase.

MenoRescue is available in other countries.

MenoRescue can only be purchased through the WellMe website. We can pass on the savings to you because we are able to cut out the middleman. You can benefit from our special offer, and a 6-month money-back guarantee on empty bottles by ordering directly through our website.

What ingredients are in MenoRescue?

MenoRescue is a combination of ingredients that have been proven to work, such as Sensoril (r) (Ashwagandha), Greenselect (r) Phytosome (r) (Caffeine Free Green Tea Extract), Rhodiola Rosea Schisandra Berry Sage Leaf Red Clover Black Cohosh Chasteberry and BioPerine (r). Each ingredient has been selected for its efficacy at promoting hormonal balance and relieving menopausal symptom.

MenoRescue: Final Conclusion

MenoRescue is a complete solution to help women navigate the menopause journey. The product addresses the root of many menopausal symptom: unhealthy cortisol. MenoRescue balances estrogen and progesterone through healthy cortisol, easing the "menopause ride."

The formula uses an exclusive blend that includes Sensoril(r), Ashwagandha and Greenselect Phytosome (r), all of which are supported by clinical studies to improve cognitive function, regulate temperature and boost mood. The Hormone Booster blend, which includes Sage Leaf, Red Clover and Black Cohosh ensures a holistic approach for hormone support. This will further ease common menopause symptoms.

MenoRescue has been praised by many users for its effectiveness in reducing the frequency of hot flashes and improving sleep, mood, and overall vitality. The meticulous manufacturing process ensures purity and potency of every dose.

MenoRescue is a solution that has been endorsed by customers and is backed by science. It offers hope to those who are suffering from menopausal symptom. MenoRescue's targeted approach and proven outcomes provide a reliable path to regaining balance and well-being in menopause.

The image displays three promotional cards for MenoRescue, each featuring a white bottle with a purple label. The label includes the text 'Well Me.', 'MenoRescue', 'WATER FORMULATED', and 'MENOPAUSE SUPPLEMENT'. The cards are set against a light purple background.
