How Do I Use Clavusin?

According to Clavusin Ingredients Label, Take two capsules each day with a big glass of water, after lunch or dinner.

How Does Clavusin Work?

Modern science has concluded that every single food we consume these days is contaminated by toxic, toxic mycotoxins that can put our bodies and our health in danger every day.

Clavusin is a powerful antioxidant that neutralizes heavy metals, strengthening the immune system and eliminating toxins within our body. Clavusin was developed with one goal in mind: cleansing your skin, toenails, and body of harmful substances while also providing the body nutrients it requires to swiftly and effectively fight against fungus-related infections.
