Looking for a natural brain health solution that is holistic? Pineal Guardian can help. The natural remedy improves cognitive performance and provides support for memory.

**[PINEAL GUARDIAN SUPPLEMENT: OFFICIAL WEBSITE](#)**

This Pineal Guardian Review will help you make an informed choice by examining this new supplement.

### **What is Pineal Guardian?**

Pineal Guardian, a unique dietary product that improves brain function and memory, is an effective way to boost

your memory. It contains nutrients that nourish, protect and regulate the pineal gland.

It improves the connection between mind and body, promoting mental clarity. It reduces inflammation and eliminates free radicals to prevent oxidative damage.

Memory-boosting formula supports optimal body functions, promotes energy, vitality and longevity. It improves sleep, promotes spiritual awakening and enhances overall cognitive function.

Pineal Guardian helps to cleanse the pineal gland, relieve anxiety and depression, and reduce stress. It improves kidney health, supports emotional wellbeing, and burns fat effectively. The natural remedy improves lifespan and transforms the body from top to bottom with each drop.

The solution is a unique blend of nine ingredients which have been clinically proven to support the health of the pineal and other organs. Pineal Guardian is free of GMOs and other harmful substances such as chemicals, heavy metals, toxins or stimulants. The products are produced in accordance with FDA and GMP regulations and are sourced both locally and internationally.

The manufacturer also offers a 365-day money back guarantee and free shipping for selected packages.

### **How does Pineal Guardian work?**

The pineal gland is involved in processes that affect memory and cognitive functions. Over time, toxins can build up around the pineal, leading to memory loss, poor sleep, low energy levels, anxiety, stress and premature aging.

Melatonin is produced by the pineal gland to modulate sleep-wake cycles. Melatonin helps to improve sleep, and also supports declarative and procedural memories.

Pineal Guardian formula eliminates toxins and promotes healthy pineal gland functions. It promotes cognitive functions such as memory and mental clarity and helps to maintain consistent sleep patterns. It has neuroprotective qualities that prevent cognitive decline, fight oxidative damages, and maintain memory.

Memory-boosting supplements can help to reduce age-related memory disorders and mental decline. It improves memory, mood, learning, and focus.

The Pineal Guardian formula boosts energy, vitality and physical and mental performance. It improves the quality of your life and brings harmony to the body.

## **Pineal Guardian Ingredients**

Pineal Guardian is a blend consisting of nine ingredients which have been scientifically proven to enhance memory function. The website states that the ingredients are both local and international. Components are organic, free of GMOs and heavy metals or chemicals, as well as stimulants. The following are all the ingredients that have been researched and their functions:

### ***Pine Bark Extract***

The bark of the Pine tree is used to extract antioxidants. Antioxidants protect the pineal from inflammation and oxidative damage. Pine bark extract enhances cognition in both older and younger individuals.

It improves brain health by reducing inflammation that is linked to neurodegeneration.

### ***Tamarind***

Tamarind is a neuroprotective agent that protects brain cells against oxidative damage. It is also important in detoxifying pineal glands, which are responsible for removing heavy metals and toxins.

Tamarind is rich in minerals and vitamins which improve the function of neurotransmitters within the brain. It

protects against calcification of the pineal gland and increases vitality.

### *Chlorella*

Chlorella cleanses the pineal. It is rich in vitamins, minerals and amino acids, which support brain health. Chlorella supports immune function and reduces systemic swelling.

### *Ginkgo Biloba*

Ginkgo biloba helps to improve blood circulation in the brain. It also supports the delivery of nutrients and oxygen to brain cells to ensure optimal function. It contains antioxidants such as flavonoids and Terpenoids that protect brain cells from oxidative damages.

Ginkgo Biloba balances the neurotransmitters and helps regulate mood, sleep and cognitive function. It improves memory and focus, and prevents cognitive decline.

### *Spirulina*

Spirulina is rich in vitamins and minerals which support brain function. Its antioxidants prevent brain cells from being damaged and remove toxins from pineal gland. Spirulina helps to reduce inflammation, promote vitality, and improve overall health.

## ***Lion's mane Mushroom***

The lion's mane mushrooms has neuroprotective qualities. It helps to produce the nerve growth factors, which aids in nerve repair and growth. The mushroom prevents neurodegeneration and reduces brain inflammation. It also boosts memory.

## ***Bacopa Monnieri***

Bacopa Monnieri boosts memory. It improves learning and focus, enhances communication between neuronal cells, and protects the neurons from damage.

It reduces anxiety and stress, and improves overall cognitive performance.

## ***Moringa***

Moringa contains vitamins and minerals which are beneficial to the brain. It can reduce inflammation which may lead to neurodegeneration and protect the neurons against oxidative damage. Moringa reduces anxiety and stress, and improves mood.

## ***Neem***

Neem promotes detoxification of the pineal and protects neurons from inflammation. It helps to fight age-related

cognitive decline, and improves cognitive function including memory. Neem increases immunity and helps remove calcification from the pineal gland.
