You're not performing as well in the bedroom as you used to? Your stamina isn't what it used to be? You want to boost your stamina but you don't like the idea of taking dangerous drugs such as Viagra.

Continue reading our ErecPrime review to find out everything you need before buying!

What is ErecPrime

ErecPrime uses herbal extracts as a powerful male enhancement product. The manufacturer claims that it gives your body the perfect blend of nutrients for a new level of performance.

You can transform your sexual life by using ErecPrime every day. You'll experience:

- Increased libido, appetite and sex
- Improved energy and stamina for sex
- Increased power for more intense and robust finishes
- Harder and stronger erections
- Take two capsules per day of ErecPrime with a glass water to experience the benefits. Its powerful ingredients work over time to restore a healthier sexual function.

ErecPrime is suitable for all men, regardless of their age, weight or any other physiological factor. ErecPrime will improve your sexual performance regardless of your age, weight, or other physiological factors.

How does ErecPrime enhance sexual performance?

ErecPrime enhances your sexual performance in a variety of ways. Here is how it works, according to the official site.

ErecPrime is a testosterone booster that contains a number of herbal extracts. You may be aware that testosterone is a vital hormone in maintaining a man's libido and power.

ErecPrime prevents the breakdown of the testosterone into estrogen which can have several negative effects on the body. It also helps to support the release of luteinizing hormonal signals, which tell the body when it's time to release testosterone from the testes. You'll get all the testosterone, both free and total, that you need to perform at your best.

ErecPrime, a natural chemical called nitric oxide is released to widen your blood vessels and allow more free flow of blood. ErecPrime works by stimulating the release of a chemical called nitric dioxide, which allows blood to flow freely.

ErecPrime helps block the dilation blood vessels by inhibiting the activity of PDE5. This enzyme must be blocked in order for your body to achieve and maintain an

erection. That is why prescription drugs such as Viagra work.

ErecPrime also ensures that your body is able to use energy more effectively. It gives your sexual organs and muscles the energy to work harder and longer for better performance.

ErecPrime Ingredients

ErecPrime contains minerals and herbal extracts to support male vitality and sexual performance. ErecPrime contains nine powerful ingredients, including the following:

Magnesium: Magnesium, an essential trace element, is needed by the body for more than 300 biochemical reactions, such as energy metabolism, mood and hormone production. Magnesium deficiency is directly linked to a poor production of nitric oxygen, which makes it difficult for men to maintain and achieve an erection.

Zinc: zinc is an essential trace mineral for sexual health. It was shown that it can increase testosterone production for men who have low T, the hormone essential to a healthy sexual function. Higher zinc concentrations have been linked to better sperm mobility, volume and motility.

Chrysin: A flavonoid found in bee pollen and propolis, chrysin is an antioxidant. In several studies, chrysin was shown to inhibit the aromatase, an enzyme that converts testosterone into estrogen. Chrysin was also linked to increased energy and stamina by various clinical studies.

Horny Goat Weed: As its name suggests, Horny Goat Weed is also known as Epimedium or Icarin. It's one of the most popular natural libido boosters. It increases your natural desire for sexual activity. It has also been found that it inhibits the PDE5 enzyme. This is how Viagra functions. It improves blood flow, which makes it easier to achieve and maintain an erection.

Hawthorn Berry: Hawthorn Berry was included due to its beneficial effects on the blood flow. Hawthorn Berry helps increase nitric-oxide levels and relax arteries. This allows blood to flow freely, leading to stronger erections. It has powerful anti-inflammatory properties that can improve sexual function.

Tongkat Ali: Tongkat al is an herbal extract that has been studied and proven to help increase testosterone in men. It also helps regulate stress levels. Recent research has shown that tongkat can improve male fertility through sperm mobility, volume, and motility. It may even help

you use your energy more efficiently. This could increase your endurance and stamina.

Winged treebine: The winged treebine is traditionally consumed to relieve joint pain, protect against diabetes, heart disease and other conditions. It appears to also have powerful anti-inflammatory properties, which can interfere with your ability to achieve and maintain an erection.

Saw Palmetto: The clinically-proven benefits of Saw Palmetto include a healthy prostate, balanced hormone levels and a reduction in hair loss. It appears to also inhibit the breakdown into estrogen of testosterone, which can cause severe erectile problems. Saw palmetto also appears to improve blood circulation by decreasing inflammation and dilation of blood vessels.

Tribulus Terrestris: Tribulus is a plant extract that increases testosterone, energy and stamina in men. It is known to enhance cardiovascular health through reducing blood sugar spikes and eliminating inflammation in blood vessels. One study found that it can boost libido up to 79%.

Suggested Use: Take two (2) capsules before bedtime.

CAUTION/WARNING: Do not exceed recommended dose. Not for use for those under the age of 18 or pregnant or nursing mothers. Consult with a physician prior to use especially if you are taking a medication or have a medical condition.

Storage: Store this product in a cool dry place below 30°C (86°F).

KEEP OUT OF REACH OF CHILDREN. DO NOT USE IF SAFETY SEAL IS DAMAGED OR MISSING. STORE IN A COOL, DRY PLACE.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

ErecPrime Side Effects - Is ErecPrime safe?

ErecPrime is one of the best natural supplements available on the market. It's also one of the safest. It is for this reason that there have been no reports of serious side effects while using the product.

It does not mean they can't happen, just that they haven't yet. All supplements can cause minor side-effects like nausea, headaches or indigestion. ErecPrime is unlikely to cause these side effects.

ErecPrime is not suitable for everyone, despite the absence of side effects. This product, for example, is not meant to be used by anyone under 18 years of age.

This product also affects blood flow and testosterone levels. It is important to be cautious if you're on a medication for low T or hypertension.

ErecPrime, in general, is a safe and effective male enhancement product. If you're unsure if this product is for you, you should consult a physician before using it.

ErecPrime Pricing & Money Back Guarantee

ErecPrime is a relatively new product, but has already established itself as one of the best male enhancement supplements on the market. You can purchase ErecPrime from the website if you want to try it out.

You can choose between a variety of options, depending on what you need and your budget.

ERECPRIME SUPPLEMENT: OFFICIAL WEBSITE

- Buy one bottle at \$69
- Buy three bottles at \$59 each and get two free e books & free US Shipping.
- Get two e-books and free US shipping when you order six bottles at \$294 total.

Your order will be covered by a 60-day, 100% money-back refund guarantee, regardless of the package you choose. You can get a refund if you're not happy with the product, have unwanted side effects or aren't seeing the results that you wanted.

You can get a refund by contacting the manufacturer in 60 days.

ErecPrime Bonuses

You will receive two bonus eBooks if you buy either the 3-bottle or 6-bottle ErecPrime package. These eBooks are designed to help you improve your performance in bed. If you decide that ErecPrime is not for you, you can keep the bonuses.
