Student Tasks

TESTS & WORKSHEETS

- Create your own tests & worksheets (no limit)
- Sequences of questions from any topic
- Assign to any class
- Timeslots to control availability
- Tests provided for most included syllabi
- Multiple attempts supported
 - Scores recorded separately for each attempt
- Hide scores from students
- Enable/disable resumption and question feedback
- Specify number of question plays
- Playback control
 - Immediate or student started
 - Allow pause if required
- Tests using library questions exclusively have entire student answers recorded
 - Instructors view answers in grading area

TESTS & WORKSHEETS - ADVANCED

- Question selection - random
 - Great for worksheets
- Question selection - fixed (library)
 - Perfect for exams
- Easily create question banks
- Test navigation
 - Students can move between questions
 - Review answers before submission
- Time limitst
 - Entire test or individual entries
- Question threading
 - Create 'pathways' through a test
- Question grading and regrading

COURSES

- Create your own courses (no limit)
- Automatically guide students through topics, lessons and tests
- Assign to any class
- Timeslots to control availability
- Courses provided for most included syllabi
- Multiple attempts supported
 - Scores recorded separately for each attempt
- Hide scores from students
- Enable/disable resumption
- Hide scores from students
- Import and export courses and tests

Curriculum

SYLLABUS

- Customise content of any topic
- Create your own level structures
- Map content to your curriculum
- Import and export syllabuses
- Integrate library questions
- Create custom topics using library questions
- Many syllabi provided ready for use & mapped to curriculum

LESSONS

- Lessons available for all topics
- Hundreds of pages of information
- Notation and audio examples
- Integrated into courses

MISCELLANEOUS

- Create custom chords
- Create custom scales
- Create custom terms
- Create custom concepts

TERMINOLOGY

- Dual note terminology (quarter notes vs. crotchets)
- Dual cadence terminology (deceptive vs. interrupted)
- Figured & contemporary chord symbols
- Contemporary chord symbol selection
- Chord name customisation
- Beaming & grouping options

SINGING

- Microphone input
- SATB vocal range support
- Custom student vocal range
- Microphone setup wizard
- Student singing playback for instant review

PRACTISE

- 51 ear training topics (Auralia)
- 43 theory topics (Musition)
- Random question selection
- Integrated library questions
- Change tempo of examples
- Various syllabi to choose from
- Graded levels in each topic
- Custom levels created by students 'on the fly'
- Professor to guide students through levels
- Enable or disable metronome
- Switch between onscreen controllers

Library

CONTENT

- Audio playback & import
- Audio - mp3, wav, mp4, aac, flac, ogg
- Notation create, playback and display
- MusicXML import
- Image display & import
- Images - jpg, png, svg
 - Size and placement controls
- MIDI file playback & import
- Instructor assessed questions

NOTATION QUESTIONS - SIMPLE

- Highlight items
 - Notes, bars & parts
- Bar Lines
- Key Signature
- Beaming
- Text areas above or below notes
 - Enter text answer
 - Choose item from a list

NOTATION QUESTIONS - ADVANCED

- Notate - enter notes
 - Single and multi part
- Chord Symbol Entry
 - Figured or contemporary
- Creative - enter notes
 - Full control over score setup
 - Excellent for composition, harmony, arranging
 - Instructor assessed

- Hundreds of included content items and questions
- Ongoing updates to the library

- Automatic assessment
- Sophisticated notation manipulation

MULTIPLE CHOICE QUESTIONS

- Multiple choice answer types
 - Text
 - Image
 - Audio
 - Notation
 - MIDI
- Questions can have more than one correct answer
- Random or fixed answer positioning
- Feedback response options for each answer

TAPPING QUESTIONS

- Tap displayed rhythm
- Tap the played rhythm (audio or notation)
- Imitate the played rhythm
- Tapping accuracy control

FREE TEXT QUESTIONS

- Listen or view a score
- Enter a response
 - Single line
 - Multiple lines
- Word limits
- Instructor assessed

NOTATION CREATION & EDITING

- Easily create your own rhythms, melodies & harmonic examples for student use
- Unlimited parts
- Unlimited bars
- Anacrusis support
- Beaming options
- Phrase marks
- Text support for lyrics etc
- Ties & Tuplets
- Chord symbols - figured & contemporary
- Bars with 'invalid' quantity of notes

NOTATION MANIPULATION

- Easily hide items for student question entry
 - Parts and bars to create 'blank' score
 - Rests in empty bars
 - Clefs, time signature, key signature
 - Staff lines, bar lines
- Convert parts to rhythm with a single click
- Ensure students only enter single notes if required
- Lock rhythm and / or pitch of shown notes
- Notation palette control
- Chord palette control
