

**MusicFirst Classroom** is the only comprehensive learning management system (LMS) made for K-12 music education. It works seamlessly with powerful integrated software to help you monitor your students' progress, make lesson plans, and create assignments. **MusicFirst Classroom** is secure, centralized, and accessible on all internet-enabled devices.

### Digital Gradebook

See student grades in one central location. Choose from a variety of grading formats, export data for parents and administrators, and opt for automatic or manually assessment.

### Content Library

Access a broad range of carefully curated courses, units, lessons, and assessments crafted by expert music educators. Use content as-is, or customize to suit your needs.

### Calendar

Easily drag-and-drop lessons, assignment, and assessments. Set up recurring events, populate students' calendars, and connect events to assignments.

### Communication Portal

Securely send messages to your students on an individual, group, or class-wide basis. Create student discussion boards, comment on assignments, and send direct messages.

### Lesson Planner

Choose from pre-made courses, units, lessons, and assessments, or create your own. Share lessons with other teachers, and seamlessly sync with software integrations

### Audio Recorder

Utilize your students' built-in device microphones to record their playing, or record audio examples for lessons. Unlimited audio storage is included.

### Software Integrations
