

# SIDE BY SIDE MODE TO SEE INSTRUCTOR & PRESENTATION AT THE SAME TIME

If you are joining the Zoom call via desktop or laptop computer, we recommend you enable Zoom's Side-by-Side mode.

You can turn on Side-by-Side mode by going into your video settings next to the camera icon – which is in the bottom left corner of the Zoom window. Click “Share Screen” and then check the box next to “Side-by-Side mode.”

Use the slider to adjust size of screen share and videos

You can also turn it on at top of screen while someone is sharing: select VIEW OPTIONS, then SIDE BY SIDE MODE.

You are viewing Cynthia Parrott's screen

View Options

- Zoom Ratio Fit to Window
- Request Remote Control
- Exit Full Screen
- ✓ Side-by-side mode
- Stop Participant's Sharing
