

Student EHR Training

Our teams are so excited to host you for your upcoming clinical rotation/externship!

To provide you with the most beneficial experience, you will be granted limited access to the electronic health record (EHR) utilized at SRS. **Please note that all access and documentation within the EHR is to be directly overseen by your preceptor.** There is no expectation for you to perform these tasks independently.

Please watch the following demonstration videos prior to your first clinical site visit. The videos will orient you to several of the common tasks you will observe while shadowing your preceptor. After watching the videos, add an electronic signature in the corresponding column and email this form to SRSRNStaffDevelopmentMailbox.Mailbox@sharp.com and also to your clinical instructor.

Feel free to reach out to the email address above with any questions you may have about the training videos.

Topic	Video Link	Initial when complete
Application Overview	VIDEO LINK (16 minutes 20 seconds)	
Opening a Provider Note	VIDEO LINK (4 minutes 30 seconds)	
Entering Vital Signs	VIDEO LINK (4 minutes 31 seconds)	
Medication Administration	VIDEO LINK (8 minutes 40 seconds)
