

RECYCLING IN BEND

According to Bend Garbage and Recycling, the numbers on the plastic does not really matter for what can be recycled and what can't.

Things that can be recycled in Bend are:

- Plastic bottles
- Plastic tubs
- Plastic jugs (milk jugs too)
- Plastic water bottles
- Shampoo bottles
- Rigid plastic containers (yogurt containers, butter tubs, etc.)
- Rigid plastic plant pots
- Plastic buckets that are less than 5 gallons

Bend Garbage and Recycling does not recycle plastic bags!
To recycle plastic bags, use the Trex bins around Bend High.
