

N26 Leadership Update

Berlin, 07 June, 2023 – After 9 years at the company, N26’s Chief Growth Officer, Alexander Weber, will be leaving his role at the end of June to pursue his own entrepreneurial journey. Having joined N26 in 2014 as one of its first team members, Alexander has been an important driving force behind many of the company’s biggest milestones, including the launch of its 100% digital bank accounts in 2015, obtaining its German banking license in 2016, expanding its footprint to 24 markets globally, and leading the brand’s marketing efforts to help reach over 8 million customers globally.

Alexander will continue to work closely with the senior team at N26 to ensure a smooth transition of his duties, while a search for a successor as CMO is ongoing. He will hand over leadership of the Global Marketing team to Vice President of Brand Marketing, Activation and Content, Carine van der Heijden together with Director of Digital Marketing and Global Media, Kertu-Liina Lehismae, in the interim as part of a planned transition that has been underway over the last months.
