

PEOPLE OF N26

## Jérémie Rosselli

General Manager, France & BeneLux

Jérémie joined N26 in 2016 as General Manager France, responsible for launching and growing the mobile bank in the French market and gradually to install N26 as the digital bank you will love to use every day.

Since N26 entered the market in 2017, he has played an instrumental and strategic role in growing the brand's footprint in France to reach today more than 1,5 million customers and only after 3 years. Today, he is responsible for both France and the BeneLux cluster at N26, ensuring that the digital bank continues to disrupt the traditional banking industry by making banking simpler and more transparent.

Jérémie has extensive experience in international expansion and growth. He started his career in 2005 in M&A between Paris and London, completing numerous deals within the Banking, Industrials and Energy sectors. He has led multiple successful market entries in his previous role with Burger King, with a keen understanding of what it takes to develop brands and accelerate growth through deep market insight.

Jérémie holds an MBA from the University of Chicago's Booth School of Business, as well as a M.Sc in Telecommunications Engineering.
