Ensure all parts are present prior to assembly.  
Contact customer service immediately if parts are missing.  
Assemble all parts on a clean smooth surface.

### CARE INSTRUCTIONS:

Avoid direct exposure to sunlight.  
Blot spills do not rub, with a clean white cloth.  
Do not use harsh chemicals.  
Before cleaning any part test a small spot in a hidden area.  
You may need to re-tighten all bolts after initial use.

### PARTS INCLUDED:

(A) Anchor  
(S8) x1

(B) Hooks

### STEP 1

If you are attaching directly to a stud, screw the hook (B) directly into the wall in your desired location. If you are screwing the hook into drywall, pre-drill a hole for the wall anchor (A) at your desired location using a drill (not included). Insert the anchor into the wall using a hammer then, carefully screw the hook (B) into the wall anchor (A), **do not over tighten!**

**The included hardware is intended for attachment to drywall or wooden wall surfaces, contact your local hardware store to find the correct anchor for alternative wall-types such as stone or brick.**
