

# We can help your students find the answers!

AnyQuestions is a free online chat service that helps New Zealand school-aged students with their questions. Between 10am and 3pm weekdays, students can log on and chat with a librarian who will help guide their research.

## **AnyQuestions:**

- teaches information and digital literacy skills
- supports all areas of the New Zealand Curriculum
- teaches students to be competent, independent researchers — able to find relevant and reliable information for themselves
- promotes digital citizenship.

## **Book a class session**

# Many Answers

Need help finding student-friendly resources?

Many Answers is part of the AnyQuestions website and provides entries with reliable, student-friendly resources that have been handpicked by our librarians. Entries cover a range of topics including New Zealand topics, across all year levels. Each entry has research tips to help students develop their information and digital literacy skills.
