BARASTOC

PERFORMANCE FEEDS

SUPREME

LOW DOSE MUESLI CONCENTRATE

TOPLINE
BUILDER

SLOW RELEASE
ENERGY

PROMOTES
GUT HEALTH

Formulated with premium quality ingredients tailored for superior topline development, Barastoc Supreme is formulated with essential amino acids which contain the building blocks of protein. A low starch, high protein feed that also contains Diamond V® XPC to improve utilisation of fibre and reduce lactic acid accumulation during exercise.

WHAT WILL IT PROVIDE MY HORSE?

High in essential amino acids and branch chain amino acids (BCAA), the building blocks of protein, for superior topline, muscle development and repair.

Full performance dose of vitamin E and selenium for superior antioxidant function, in addition to immune and muscle system support.

Contains Diamond V® XPC prebiotic to improve digestion of fibre and minerals, and to create an environment that enhances the horse's gut microbiome.

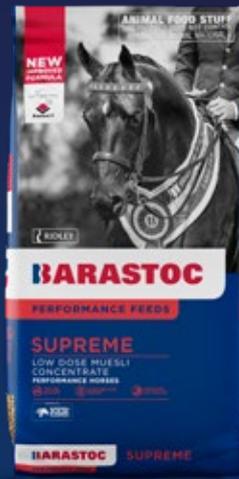

A low starch, high protein and high fat, slow energy release feed for horses with a natural metabolism that does not require additional calories.

HOW MUCH SHOULD I FEED MY HORSE?

FEEDING GUIDE Suggested Feeding Rate (kg / day)		
Bodyweight (kg)	Moderate Work	Heavy Work
300	0.25 - 0.75	0.50 - 1.00
400	0.75 - 1.25	1.00 - 1.50
500	1.25 - 1.75	1.50 - 2.00
600	1.75 - 2.25	2.00 - 2.50
700+	2.25 - 2.75	2.50 - 3.00

Do not feed more than 2.5kg of this product per meal. The recommendations provided are intended as a guide only. The amount fed will vary according to the horse's condition and the quality of pasture and/or roughage available. Barastoc Supreme can be used to supplement grazing and/or high quality roughage to not more than one half of the horse's daily feed intake by weight. Introduce this product gradually over a two week period. Intake less than the levels listed may require additional vitamin and mineral supplementation.
