

BARASTOC PREPARE

Ultimate full muesli feed for broodmares, breeding stallion, weanlings and yearlings

Highly versatile, Barastoc Prepare can be used for mares and young horses, including sales preparation horses. It is also an ideal conditioning feed for stallions prior to and during the breeding season.

- Fortified to supply all the nutrients required for growth, pregnancy and lactation.
- Contains steam-flaked oats, barley and corn to provide a blend of digestible grains with added yeast culture aids digestion.
- High quality protein from soyabean meal and added amino acids to support growth rates in young horses.
- Enhanced levels of macro and trace minerals helps to support bone growth and development.
- Natural source Vitamin E ensuring your breeding horses get the best antioxidant support possible.
