

# BARASTOC

SUPPLEMENTS

## THE REAL SECRET TO A GLOSSY COAT AND A HEALTHY HORSE IS PROPER NOURISHMENT...

Feeding Barastoc Groom establishes a solid foundation for your horse's health, promoting 'bloom' and dapples in your horse's coat, making it a window to their inner health. Start your horse's beauty regime today by supplementing their diet with Barastoc Groom.

A complete vitamin & mineral supplement designed to support hoof and coat health and to enhance the well-being and appearance of your horse.

### WHAT WILL IT DO?

- Enhance hoof structure and coat condition with restorative levels of Biotin, Zinc and Methionine.
- Improve utilisation of minerals and fibre, and enhance gut microbiome with the inclusion of yeast metabolites.
- May aid Laminitis recovery through keratinization of connective hoof and lamina tissues.

### WHAT'S IN IT?

Copra Meal, Soybean Meal, Full Fat Soybean Meal, Canola Meal, Omega Rich Vegetable Oil, Yeast Culture, Calcium Carbonate, Mono Dicalcium Phosphate, Salt, Magnesium Oxide, Lysine and Methionine – Essential Amino Acids, Vitamin E, Biotin and KER Vitamin & Mineral Premix.
