Biotin	0.05mg

HOW MUCH SHOULD I FEED MY HORSE?

FEEDING GUIDE Suggested Feeding Rate (Kg / Day)

- Provide one block for up to 10 horses and replace as necessary.
- Usual intake: 100 to 300 grams per head per day.
- Place blocks in high, well drained location.
- Ensure a plentiful supply of pasture or hay is available when feeding this product.

The recommendations provided are intended as a guide only.

If you are feeding any other fortified feeds and/or supplements please consult a veterinarian or nutritionist. This feed has been formulated specifically for animals as described above, and must not be used for other species of animals.
