

BARASTOC PHAR LAP

Oat-free muesli concentrate for all racing and sport horses

Highly versatile, Barastoc Phar Lap is the ideal feed to use as a base for your performance horse feeding regime, suitable for spelling, pre-training, racing and for other performance horses.

- Oat-free concentrate that gives you the flexibility to add the type and amount of grain that suits your horses' work load and body type.
- Formulated to provide all protein, vitamin and mineral requirements that intensely worked horses need.
- Fully fortified with high levels of natural source Vitamin E, selenium and organic chromium to reduce the risk of muscle damage and help improve recovery time.
- Added salts to replace sweat losses and yeast cultures for a healthy digestive system and improved utilisation of roughage.
- Contains vegetable oil for increased energy.

FEEDING DIRECTIONS

Feeding Rate (kilograms/day) based on a 500kg horse			
Spelling	Maintenance	Light Work	Moderate Work
1.0	1.0 to 1.5	1.5 to 2.0	1.5 to 2.5

ANALYSIS (AS-FED)
