

BARASTOC WORKHORSE

High energy muesli feed for hard working horses

Hard working horses have special nutritional requirements. To keep them fit and healthy you need a feed that will satisfy their complex diet needs, but in a palatable, easy-to-use form.

- A muesli-style feed containing steam flaked grains that provide the high concentration of energy a working horse needs – in a form that is safe and easily digested.
- Carefully blended mix that provides all the protein, vitamins and minerals a mature horse in hard work requires.
- Contains increased mineral levels to compensate for sweat losses and molasses for improved palatability.

FEEDING DIRECTIONS

Horse Weight (kilograms)	Feeding Rate (kilograms/day)	
	Moderate Work	Heavy Work
300	1.5 to 3.0	2.0 to 3.0
400	2.5 to 4.0	3.0 to 4.0
500	3.0 to 5.0	3.5 to 5.5
600	3.5 to 6.0	4.0 to 6.5

ANALYSIS (AS-FED)

Crude Protein (minimum)	11.0%	Phosphorus (minimum)	0.5%
Crude Fat (minimum)	4.0%	Vitamin A	5,500IU/kg
Crude Fibre (maximum)	10.0%	Vitamin E	45IU/kg
Selenium	0.7mg/kg	Digestible Energy	
Calcium (minimum)	1.1%	(estimated)	12MJ/kg
Calcium (maximum)	1.3%		

Total analysis contained on bags.

INGREDIENTS:

Steam flaked barley, oats, steam flaked corn, sunflower seeds, nutribits pellet containing minerals, salts and KER vitamin and mineral premix, lucerne chaff, oaten chaff, molasses and vegetable oil.
