PALATABLE

A natural, highly palatable and digestible energy source that can be used to supplement your horse's regular feed.

WHAT WILL IT PROVIDE MY HORSE?

A controlled, natural energy boost when used to supplement your horse's regular feed.

Steam flaked to support digestion, and to reduce digestive complications sometimes associated with high grain diets.

Added molasses to increase palatability.

For Sheep/Cattle/Goats: feed up to 1% of bodyweight per day. The recommendations are intended as a guide only. The amount fed will vary according to the horse's condition and the quality of pasture and/or roughage available. Barastoc Steam Flaked Barley with Molasses should be used to supplement grazing and/or high quality roughage, with a fortified feed or supplement, to not more than one third the horse's daily feed intake by weight. Introduce this product gradually over a two week period starting with only 500 grams per day.
