

BARASTOC LEGEND

Oat-free muesli concentrate that allows you to add your own grain

Barastoc Legend is a versatile feed that provides all the minerals, vitamins and protein required for breeding and growing horses in a small daily allowance.

- Flexibility to add your own grain allows you to control weight gain and body condition without sacrificing mineral and protein nutrition.
- Added oil helps to give horses a shiny coat and more energy per kilo while live yeast culture aids digestion.
- Natural source of Vitamin E ensuring your breeding horses get the best antioxidant support possible.
- Barastoc Legend is also extra palatable, so you can look forward to horses 'cleaning-up'.
- Ideal for brood mares, breeding stallions, weanlings and yearlings.

FEEDING DIRECTIONS

Horse Weight (kilograms)	Growth Stage	Feeding Rate (kilograms/day)
100 to 200	Creep feed foals 2 to 5 months of age	0.5 to 1.0
200 to 300	Weanlings 5 to 12 months of age	0.75
300 to 400	Yearlings 12 to 18 months of age	1.0
500	Pregnant mares last 3 months	1.5 to 2.0
500	Lactating mares first 3 months	2.0 to 2.5
500	Breeding stallion	1.5 to 2.0

ANALYSIS (AS-FED)

Crude Protein (minimum)	20.0%	Phosphorus (minimum)	1.1%
Crude Fat (minimum)	5.0%	Digestible Energy	
Crude Fibre (maximum)	10.0%	(estimated)	12.5MJ/kg
Selenium	1.2mg/kg	Vitamin A	23,000IU/kg
Calcium (minimum)	1.80%	Vitamin E	210IU/kg
Calcium (maximum)	2.0%		

Total analysis contained on bags.
