

# Birmingham Airport's draft Master Plan

## Help shape the future of Birmingham Airport

Birmingham Airport is the Midlands' principal international airport, connecting people and businesses across the region with destinations around the world.

Our draft Master Plan sets out how the Airport could grow sustainably and responsibly up to 2041. It focuses on making better use of our existing runway and facilities, improving passenger experience and transport connections, as well as delivering wider benefits for local communities and the regional economy. There will be over £2 billion of investment at the Airport to deliver the facilities to accommodate approximately 30 million passengers per annum.

**Our vision** is to be the Midlands' gateway to the world, unlocking economic prosperity and opportunity through the sustainable development of our infrastructure; delivering exceptional connectivity for people, businesses, and communities.

**Looking ahead to 2041**

# 30m

**Passengers  
each year**

# 52.5k

**Additional jobs  
supported across the  
West Midlands Region**

# £3.6bn

**Additional economic  
contribution to the West  
Midlands Region**

**Birmingham  
Airport**

## Growing sustainably

Our updated Sustainability Strategy reaffirms our commitment to mitigating environmental and community impacts as well as identifying opportunities for how we develop and operate the Airport. The draft Master Plan is founded on this commitment, with collaboration and community engagement at its core, alongside consideration of carbon, noise, air quality, biodiversity, landscape, water and sustainable transport.

## Your feedback matters

Through this consultation, we are seeking feedback from all stakeholders on our proposed vision, objectives and growth strategy. This includes how the Airport can support connectivity, economic growth, sustainability and the needs of passengers, businesses and local communities.

As the Master Plan is still being developed, this is an opportunity for you to help shape its direction before it is finalised in early 2027.

## Find out more and have your say

All of our consultation materials are available on our website:  
[www.birminghamairport.co.uk/masterplan](http://www.birminghamairport.co.uk/masterplan)

Paper feedback forms are also available at our consultation events.

Please provide your feedback via any of the following methods by **4 December 2026**:

**Online** – complete the feedback form on our website

**By email** – send your comments to: [masterplan@birminghamairport.co.uk](mailto:masterplan@birminghamairport.co.uk)

**By post** – send your completed feedback form or comments to: MASTER PLAN 2026-2041, Birmingham Airport, Birmingham, B26 3QJ

**At an event** – provide your completed feedback form to a member of our team

If you require information about the draft Master Plan in an alternative language or format, please contact us at the email address provided above.
