

Birmingham Airport Community Trust Fund

Area of Benefit

The Trust Fund aims to benefit communities most affected by aircraft operations at Birmingham Airport.

Check this list of postcodes within the Trust Fund's Area of Benefit. If the address from where your project operates is on this list, you may be eligible. If not, then your project will not be eligible.

Birmingham Airport Community Trust Fund

Area of Benefit (continued)

The Trustees will give more consideration to projects in communities where the impact of the Airport is greatest and assess eligible postcode areas in three tiers, where tier one reflects the greatest impact. Their assessment of the degree of impact on a particular community is based on a range of measures and is not simply a reflection of how near a community is to the Airport or whether it lies beneath flight paths. You should also bear in mind that some postcodes cover large areas where the degree of impact will vary considerably.
