1. VIRTUAL BRIEFING – COVID-19 AIRPORT UPDATE

In light of the current circumstances and implications for the normal function of the Committee, the Airport Company facilitated a virtual briefing to appraise Members on the current impact of the Covid-19 pandemic on Birmingham Airport. Key points of information covered current airfield operations, impact on Airport Company workforce and the financial impact on the business overall.

The Committee noted the contents of the update given by Nick Barton who also answered a number of supplementary questions.

The briefing also highlighted the intended establishment of a virtual Working Group to consider Noise and expressions of interest to join that Group were invited directly to Kirstin McCarthy as soon as possible.

In concluding the briefing, the Airport Company also invited Members who may have any future questions to contact Kirstin McCarthy directly.

RESOLVED

That the contents of the virtual briefing given by the Airport Company be noted.
