

# TAILORED VENDOR MANAGED INVENTORY (VMI)

MSC tailors your VMI solution by commodity type. MRO assortments and consumables are ideal. We design and build an organized program that allows you to easily identify and get the products you need when you need them.

## Our VMI Solutions Offer:

- A customized onsite survey to identify the right solution
- Establishing min./max. levels for reorder
- VMI Specialists to manage and replenish your inventory
- Flexible ordering methods and control of the ordering process
- New UPC labels and clear signage for your solution
- 6S process improvement tools and techniques

## Benefits Include:

- Reduces procurement and transaction costs
- Prevents stock-outs and overstock
- Reduction in labor costs
- Order visibility and order approval to manage spend
- Spend less time finding items
- Creates an efficient, productive and safe work environment

And to limit interruption to your day-to-day business, **MSC can quickly install ControlPoint™ VMI Solutions according to your timeline.**

**BEFORE**

**AFTER**

An MSC inventory specialist will evaluate your needs, recommend the right solution for your business and then help implement it. Contact us to discuss your business goals and how we can help serve them today.
