PREPARE FOR THE DARK TOURNAMENT!

Prepare for the Dark Tournament!

Dear Retailer: Welcome to the **Yu Yu Hakusho: Dark Tournament** Event Kit! In this package you'll find everything you need to run a Dark Tournament event at your store. This kit can support up to 16 players.

Step 1: Create your Dark Tournament Event in the Universus Gaming Network (UGN) at play.uvsgames.com or by scanning the QR code below. Do this at least two weeks before the date of the event so UVS Games has time to market your event to UGN players in your area.

Step 2: Write the date of your Dark Tournament Event in the 'Date' space on the poster included in this kit. Place the poster in your store in a location visible to your customers.

Step 3: Tell your customers about the event, and ask them to preregister for the event at play.uvsgames.com or by scanning the QR code on the Event Poster. Customers who preregister are more likely to attend the event.

RUNNING THE DARK TOURNAMENT

Each participating player must register for the event on the UGN site. Assist customers with this if it's their first time. Each registered player receives:

- (1) Dark Tournament Player's Kit
- (1) Participation Promo Card (Only give Participation Promo Cards to players who actually play in the event.)

Each Dark Tournament Player's Kit contains everything a player needs to play in the event: six Yu Yu Hakusho: Dark Tournament booster packs, a bonus premium card, and a guide for building a Sealed Deck.

Run the event using the UGN event program at play.uvsgames.com.

TOURNAMENT RULES

Dark Tournament Event Format: Sealed

In a Dark Tournament Event sealed event, each player receives 6 packs and will form a deck using a minimum of 40 cards from those packs. The cards in a deck need not share a symbol with the player's selected character. Players' starting characters are chosen from any character opened in one of their booster packs. Decks are not restricted to only 4 copies of a card as they would be in a Constructed event. Instead, players may play as many copies as they open from their packs. In addition to the deck building alterations for sealed, there is one gameplay rule change: when a player runs out of cards in their deck, they remove 5 cards from their deck instead of 10 when cycling.

You can download rules documents on the official Universus CCG website:

FREQUENTLY ASKED QUESTIONS:

Q1: Where are the extra character cards to handout to my players?

A1: All boosters contain a character card. Additional character cards are no longer provided; players should build their deck by selecting one of the character cards opened in their boosters

Q2: I really like this character/card from a previous set. Can I use it for the Dark Tournament Event?

A2: The Dark Tournament Event is limited to the cards players open in the Dark Tournament Event Player's Kit.

Q3: Can players include the Dark Tournament Event bonus premium card or the participation promo card in their deck?

A3: Yes, the Dark Tournament Event bonus premium card and the participation promo card count as cards in the player's card pool, and they're free to play with either or both cards if they choose.

Q4: Can I sell Yu Yu Hakusho: Dark Tournament booster packs to customers during the event?

A4: Yes, you can! This event isn't a prerelease, so it doesn't have the restrictions on selling product typical of prerelease events.
