

**ADDENDUM NO. 8
TO THE AGREEMENT DATED JUNE 22, 2018
BETWEEN GREATER ORLANDO AVIATION AUTHORITY
AND AECOM TECHNICAL SERVICES, INC.**

Project: Implementation of One Semi-Annual Post Active Remediation Monitoring (PARM) Sampling Event and Preparation/Submittal of PARM Report at the Former Dayron Facility for W-00072 Remediation of Dayron Plume, Orlando Executive Airport

THIS ADDENDUM is effective this 22nd day of February, 20 22, by and between the **GREATER ORLANDO AVIATION AUTHORITY** ("Authority"), and **AECOM TECHNICAL SERVICES, INC.** ("Consultant").

WITNESSETH:

WHEREAS, by Agreement dated June 22, 2018, Authority and Consultant entered into an agreement for Consultant to provide Continuing Environmental Engineering consulting services; and

WHEREAS, under the Agreement, Consultant agreed to perform such additional services for the Authority as are contained in any additional scope of work established by the Authority in any addendum to the Agreement and accepted in writing by the Consultant; and

WHEREAS, the Authority and the Consultant desire to enter into this Addendum to the Agreement to provide for additional services to be rendered by the Consultant under the terms of said Agreement.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the Authority and the Consultant do hereby agree as follows:

1. Consultant shall perform additional services in accordance with the terms of the Agreement and the attached Exhibit "A." Consultant shall be paid for such additional services according to the payment terms set forth in the Agreement.
2. Consultant shall be compensated for such additional services in the **NOT TO EXCEED amount of THIRTY-THREE THOUSAND SEVEN HUNDRED THIRTY-NINE AND 50/100 DOLLARS (\$33,739.50)**, broken down as follows:

Professional Fees:	NTE:	\$24,995.00
Professional Fees:	LS:	\$0.00
Reimbursable Expenses:	NTE:	<u>\$8,744.50</u>
Total:		\$33,739.50

3. A. Consultant hereby certifies that it is not on the Scrutinized Companies that Boycott Israel List and is not engaged in a boycott of Israel, as defined in Florida Statutes § 287.135, as amended;

AND

B. (applicable to agreements that may be \$1,000,000 or more) - Consultant hereby certifies that it is: (1) not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List as defined in Florida Statutes § 287.135; and (2) not engaged in business operations in Cuba or Syria, as defined in Florida Statutes § 287.135, as amended.

4. Authority may terminate the Agreement for cause and without the opportunity to cure if the Consultant is found to have submitted a false certification or has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

In the event the Agreement is for One Million Dollars (\$1,000,000.00) or more, Authority may terminate this Agreement for cause and without the opportunity to cure if the Consultant is found to have submitted a false certification or has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List or is engaged in business operations in Cuba or Syria.

5. Except as expressly modified in this Addendum, the Agreement dated June 22, 2018 and all prior addenda will remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto by their duly authorized representatives, have executed this Addendum this 15th day of March, 2022.

Memorandum

To: Members of the Construction Committee

From: Dan Carrington, Environmental Manager

Date: February 22, 2022

Re: Request for Approval of an Addendum to the Continuing Environmental Engineering Services Agreement with AECOM Technical Services, Inc. for Implementation of a One Semi-Annual Post-Active Remediation Monitoring (PARM) Sampling Event, and Preparation/Submittal of PARM Report at the Former Dayron Facility for W-00072 OEA Remediation of Dayron Plume at Orlando Executive Airport.

Consultant's proposal, dated February 7, 2022, is for implementation of a one semi-annual groundwater monitoring event at the former Dayron facility at Orlando Executive Airport. The semi-annual PARM event to be performed in late April 2022.

If approved, these services would be effective the date of Construction Committee approval.

This continuing consultant was selected for this task based on (☒ all that apply):

☒ Experience ☐ Available Personnel ☒ Current Workload
☒ Expertise ☐ Equitable Distribution ☐ Other: _____

The MWBE/LDB participation has been reviewed by the Office of Small Business Development. Their findings and recommendation are attached.

Funding is from OEA DFO Dayron. Funding source verified by VHinds of Construction Finance on 02/16/22 as correct and available.

It is respectfully requested that the Construction Committee approve an Addendum to the Continuing Environmental Engineering Services Agreement with AECOM Technical Services, Inc. for the services contained herein and the amount as shown below:

Not to Exceed Fees	\$24,995.00
Lump Sum Fees	\$0.00
Not to Exceed Expenses	\$8,744.50
TOTAL	\$33,739.50

Mr. Dan Carrington, CHMM
Environmental Project Manager
The Greater Orlando Aviation Authority
5850 Cargo Road
Orlando, Florida 32827

Dear Mr. Carrington,

**Re: Addendum to Continuing Environmental Engineering Consultant Services Agreement
dated June, 22, 2018**

**Implementation of One Semi-Annual Post-Active Remediation Monitoring (PARM)
Sampling Event, and Preparation/Submittal of PARM Report
Former Dayron Facility
Orlando Executive Airport
Orlando, Florida**

As requested by the Greater Orlando Aviation Authority (GOAA), AECOM Technical Services, Inc. (AECOM) is pleased to submit this Addendum to perform the following tasks for the referenced site:

- Implement Semi-Annual Groundwater Monitoring for one Post Active Remediation Monitoring (PARM) sampling event to monitor and verify plume stability in the shallow, intermediate, and deep zones; and
- Prepare and submit to the Florida Department of Environmental Protection (FDEP) one PARM Report, with results of the sampling event and answers to the FDEP comments.

These tasks will be performed in accordance with the FDEP review letter, dated February 3, 2022, in which FDEP reviewed the December 2021 PARM Report. The FDEP review letter is provided in **Attachment A**.

Proposed Scope of Services

The following outlines the tasks needed to perform the proposed scope of work:

TASK 1

A SEMI-ANNUAL PARM SAMPLING EVENT

This proposal includes one semi-annual PARM event anticipated to be performed in late April 2022. The sampling event will take an estimated five days to complete.

Initially, all existing monitor wells, estimated 91 monitor wells, will be gauged for depth to water, whether sampled or not. The depth to water measurements will be used to determine groundwater flow direction.

A list of the 54 monitor wells to be sampled during the event is included as **Table 1**, and the well locations are shown on **Figure 1**. This list includes all monitor wells sampled in the last PARM event in October 2021.

Groundwater sample collection will be performed in accordance with the FDEP Standard Operating Procedure (SOP) 001/01 and will be submitted to Southern Research Laboratories, Inc. (SRL) for analysis of select Volatile Organic Compounds (VOCs) by EPA Method 8260.

Samples from seven monitor wells (MW-42-I, MW-67-IR, MW-78-DR, MW-81-I, MW-112-I, MW-118-I and UNK-1) will be analyzed by SRL for the Underground Injection Control (UIC) and natural attenuation parameters sodium, alkalinity, total organic carbon (TOC), and dissolved methane, ethane and ethene.

Groundwater samples collected from monitor wells will be screened in the field for dissolved oxygen, pH, redox potential, specific conductivity, temperature, and turbidity. Sampling purge water will be containerized in 55-gallon drums. It is estimated that two, 55-gallon drums of decontamination and purge water will be generated during the one PARM sampling event.

Those drums will be shipped off site, for disposal by Clark Environmental (Clark).

If additional drums are needed and/or the waste stream is above the Non-Resource Conservation and Recovery Act (RCRA) requirements, AECOM will submit a change order to GOAA for the price difference.

B PARM REPORT

Following the semi-annual PARM event, AECOM will submit one PARM report to GOAA and FDEP. The report will include the analytical results of the semi-annual PARM sampling event and any subsequent responses to FDEP comments.

SUBCONTRACTING

SRL will provide environmental laboratory services and is certified as a Minority Business Enterprise with the City of Orlando.

Clark will provide transportation and disposal of investigative-derived waste. Clark is a state-certified MWBE firm.

Refer to **Attachment B** for subcontractor cost proposals from SRL and Clark. Refer to **Attachment C** for the AECOM cost proposal. The MWBE participation for this project is 19.2%.

ESTIMATED COST

AECOM proposes to perform these services on a time-and-material basis in accordance with our Consulting Professional Services Agreement dated June 22, 2018 between GOAA and AECOM Technical Services, Inc. Our cost for performing the above-mentioned scope of work is not-to-exceed **\$33,739.50** with prior written authorization from GOAA.

If the above scope of work meets with your approval, please acknowledge acceptance of this proposal and provide us with an Addendum referencing this cost proposal and the Consulting Professional Services Agreement.

If you have any questions or require additional information, please contact Megan Garcia at (407) 513-8225.

Sincerely,
AECOM Technical Services, Inc.

TRUTH IN NEGOTIATION CERTIFICATION

The Consultant hereby certifies, covenants, and warrants that wage rates and other factual unit costs supporting the compensation for this project's agreement are accurate, complete, and current at the time of contracting.

The Consultant further agrees that the original agreement price and any additions thereto shall be adjusted to exclude any significant sums by which the Aviation Authority determines the agreement price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such agreement adjustments shall be made within (1) year following the end of the contract. For purposes of this certificate, the end of the agreement shall be deemed to be the date of final billing or acceptance of the work by the Aviation Authority, whichever is later.

Review of December 2021 Post Active Remediation Monitoring Report

Dear Mr. Carrington:

The Department has reviewed the December 2021 Post Active Remediation Monitoring (PARM) Report for the former Dayron facility located at 5850 Cargo Road, Orlando, Orange County, Florida. On Page 9 of the report it is recommended to continue the Semi-Annual PARM program with the next Semi-Annual event to be scheduled in April 2022. The Department concurs with this recommendation.

Since the next Semi-Annual Sampling event is scheduled for April 2022, the Department anticipates receiving the next PARM Report for the Former Dayron Facility by June 30, 2022. Please submit the Report in electronic format to DEP_CD@dep.state.fl.us, with a copy to Roger.Sussko@dep.state.fl.us. If the file is very large, you may post it to the Waste Cleanup folder on the Central District's ftp site at:

ftp://ftp.dep.state.fl.us/pub/incoming/Central_District/Waste_Cleanup/. After posting the document, send an e-mail to DEP_CD@dep.state.fl.us, with a copy to Roger.Sussko@dep.state.fl.us, alerting us that it has been posted.

Good afternoon Dan,

While I still need the checklist for this item, please see the review comments below:

- What is the effective the date of these services?
- Please provide a completed TIN certificate. I have attached the template for your use.
- If the sampling event will not take place until late April 2022, will Clark Environmental continue to honor their quote which will expire at the beginning of March 2022?

If you have any questions, please let me know.

Thank you,

Jillian Stansell, CAPM

MEMORANDUM

To: Members of the Construction Committee

From: Edelis Molina, Sr. Small Business Administrator

Date: February 22, 2022

Re: Request for Approval of an Addendum to the Continuing Environmental Engineering Services Agreement with AECOM Technical Services, Inc. for Implementation of a One Semi-Annual Post-Active Remediation Monitoring (PARM) Sampling Event, and Preparation/Submittal of PARM Report at the Former Dayron Facility for W-00072 OEA Remediation of Dayron Plume at Orlando Executive Airport.

We have reviewed the qualifications of the subject contract's MWBE/LDB/VBE specifications and determined that AECOM Technical Services, Inc. proposes 19.2% MWBE participation on this Addendum.

Our analysis indicates that AECOM Technical Services, Inc. is eligible for award of the subject Addendum.
