

Foundation for Angelman Syndrome Bi-Yearly Progress Report Form

Instructions

Thank you for your continued research and support for FAST's mission of bringing meaningful translational research approaches forward for individuals living with Angelman syndrome. Please include any relevant figures directly in the document, and include notes on what each figure represents. We also encourage you to include statistical reporting where necessary. Thank you so much for your cooperation and for your continued support and research toward curing AS.

General Information Section

Primary Investigator:

Date of report:

Title of Grant Reporting:

Year(s) in which grant is funded for and reporting period:

Specific Aims of the project:

Aim 1:

Aim 2:

Aim 3:

Milestone Timelines as proposed from grant: (please copy and paste)

Detailed Progress Section

1. **Progress on Aim 1:** *(please include figures and note if a manuscript has been submitted)*

Challenges encountered:

Expected date of completion for Aim 1:

2. **Progress on Aim 2:** *(please include figures and note if a manuscript has been submitted)*

Challenges encountered:

Expected date of completion for Aim 2:

3. **Progress on Aim 3:** *(please include figures and note if a manuscript has been submitted)*

Challenges encountered:

Expected date of completion for Aim 3:

4. **Progress on establishment of material sharing if this was part of the proposed grant/project:**

Budget Section

- 1. Amount of initial grant awarded:**
- 2. Amount of grant remaining:**
- 3. Budgetary concerns:**

Additional Comments Section

- 1. Additional comments/updates/challenges.**
- 2. Notes of collaborations to have been generated from this project:**
- 3. Citations of publications that have been generated from this project:**
- 4. Past or upcoming speaking engagements you would like to share with FAST:**
