

Product Summary

ComforCleanse is a nutritional supplement that effectively combines healthy fibre, minerals, herbs, and essential oils to support digestive health. Conveniently packaged in capsule form, ComforCleanse also contains Cascara sagrada, traditionally used to relieve constipation, and psyllium, which increases stool water content making it softer and easier to pass.

Primary Benefits

- Can be used as a laxative
- Helps relieve constipation
- Has a cleansing action on the intestines/bowels

Who should take ComforCleanse?

- Those suffering from the uncomfortable effects of constipation
- Those looking to improve overall health by cleaning the intestinal tract

Suggested Use

- Take two capsules in the morning before breakfast and three capsules at bedtime. Drink at least 250ml of distilled water throughout the day for optimal results.

Cautions

- This product contains Cascara sagrada (Frangula purshiana) bark
- Do not use if you have or develop diarrhea, loose stools, or abdominal pain
- Consult a health professional if you have frequent diarrhea
- If you are pregnant, nursing, taking medication, or have a medical condition, please consult a health professional prior to use
- Do not exceed recommended dosage
- Not for long term use; do not exceed two weeks
- Not to be used as a weight-loss product
- Keep out of reach of children
- Store in a cool, dry place

Did You Know?

- The colon is the final component of the digestive tract; it extracts water and salt from solid wastes before they are eliminated from the body.
- Although the bowel is comprised of the small and the large intestines, it is commonly used to describe the large intestines, which consist of the colon, the rectum, and the anus. Therefore, a "bowel problem" is any problem affecting these parts of the digestive tract.
