

# SLIQUE™ TEA - CINNAMON OOLONG CACAO

## PRODUCT SUMMARY

Slique™ Tea is a delicious, rare blend of naturally-derived ingredients chosen for their impressive phytonutrient content. This tea features an exquisite blend of cacao powder, cinnamon bark, flavourful ground nutmeg and pure, proprietary vanilla essential oil.

At the heart of this unique blend are two premium varieties of jade oolong tea leaves, highly sought-after for their rich aroma and antioxidant content. These leaves are handpicked from the high mountains of Taiwan, known for producing some of the world's finest teas.

The Slique™ Tea blend possesses a superior polyphenolic profile that is rich in catechins and tannins. These two flavonoid compounds combine with other highly desirable tea antioxidants to create a rejuvenating experience. Natural stevia plant extract (Reb A) is added to lightly sweeten the tea without adding calories.
