ANIMAL SCENTS® PET RENEW

FREQUENTLY ASKED QUESTIONS

Q. How much does Pet Renew need to be diluted before application?

A. Mix 1 drop in 5ml of carrier oil. if a larger quantity is desired, maintain a ratio of 1 drop to 5ml of carrier oil. Additional dilution may be required depending on the size and sensitivity of the animal. This product was formulated for all animals, and each individual animal will have different levels of sensitivity. Start by diluting heavily and use in moderation. We also suggest testing the blend on a small area before wide-spread application. Every animal is different, so carefully observe how each animal responds to the oils.
