

PRODUCT SUMMARY

Eucalyptus Radiata essential oil comes from the leaves of an evergreen tree native to Australia. Part of the Myrtaceae plant family, Eucalyptus Radiata essential oil is steam distilled. Its distinctly fresh aroma is sharp and clean, sparking a sense of refreshment and renewal. Popular in salons and spas, Eucalyptus Radiata oil promotes a stimulating and rejuvenating environment anywhere it's diffused. The soothing scent makes Eucalyptus Radiata the perfect addition to any bedtime routine when applied to the chest or back. It is found in many of Young Living's most popular products, including Ortho Ease® Massage Oil, Breathe Again™ Roll-On, and R.C.™ essential oil blend.

EXPERIENCE

Eucalyptus Radiata has a clean, invigorating aroma that can create a rejuvenating environment. It can be used topically on the chest or back in the evening for a soothing, yet invigorating, aromatic experience.

PRODUCT BACKGROUND

There are more than 700 species of eucalyptus in the world—Eucalyptus Radiata, sometimes known as narrow-leaved peppermint—is only one of them. The Eucalyptus Radiata tree comes from Australia, where eucalyptus makes up more than 75 percent of the continent's vegetation. Eucalyptus Radiata contains the naturally occurring constituent eucalyptol, which provides much of its signature scent.
