

MEMBER SUCCESS STORIES

In the spotlight with

RENAE CUMMINS

What was your occupation before you joined Young Living?

Education Program Manager at the Museum of Brisbane.

What is your favourite Young Living product and why?

Thieves Household Cleaner as it does it ALL and is such a simple swap.

Why would you recommend for others to join Young Living?

To improve their overall wellbeing by using beautiful plant-based products. And because they will be joining the most supportive and authentic community that can't be found anywhere else.

What, in your opinion, makes Young Living unique?

It's a vibe you can't explain. Yes, we have the most amazing farms, beautiful people and the highest quality oils, but we are unique because we possess a "magic" that can't be bought or replicated. It's the heart of this company that sets us apart.

How has your life changed since you joined Young Living?

In so many ways! I now have the tools to naturally support my family's overall wellbeing! The biggest change however is all the effort I put into building my business means that I am now able to work from home and home school our son AND contribute to the family financially. The Young Living opportunity has given us choices we never thought we would have - for that I will always be so grateful.
