## New Woodland Area

Just before the spring break, our new woodland area was developed behind the Orchard Block. The transformation has been phenomenal and the space will provide a number of additional opportunities for the students to explore with their learning. The woodland will continue to be developed with the help of the Gardening Club and Eco Committee.

## Parent Calendar

The parent calendar for the Summer Term has been sent out via email. Please refer to the calendar for the dates of upcoming parents' evenings, sports days, and community day.

## COVID Asymptomatic Testing

As set out in the Next Steps for Living with Covid19 guidance, regular asymptomatic testing is no longer recommended in any education or childcare setting, including in SEND, alternative provision and children's social care settings.

*Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend.*

## Curriculum

As part of our ongoing reflective and developmental work at the school, we have created a 'curriculum intent' document. The curriculum intent outlines key values that our curriculum is developed around in order to create a holistic education offer which caters to both the academic and the social and emotional needs of our students. We endeavor to install this golden thread throughout school life and promote these values with our students.

## Exams

We are now entering prime exam season. Please note that exam dates are included on the calendar and to be mindful that exams may be going on should you be on-site. Results day for all formal exams is Thursday 25th August. Further details around results day will be released closer to the time.

## Medications

If there are any changes to medications please inform the school office as soon as possible. It is vitally important that we have up to date medications on file in case of an emergency.
