# Green Licence

Set up your business and shape a more sustainable future at the UAE's first Green Innovation District

Expo City Dubai's Green Innovation District is **powering sustainable businesses through a purpose-built ecosystem** established to attract, enable and scale sustainable and climate action-focused businesses, supporting the UAE's economic diversification and net zero ambitions.

**The Green Licence, a pioneering product from Expo City Dubai** is designed to nurture environmentally conscious businesses committed to advancing clean energy, circular economy and green technology, by offering exclusive benefits that support their growth and innovation.

## Who it's for

Green, clean technology and climate action-focused businesses, from startups to established companies committed to strong environmental, social and governance practices.

## What you get

Green Licence holders have access to a wide range of business support services and amenities with a total potential value of more than AED 400,000.

\*Estimated value based on market rates for comparable services. Actual value received depends on individual business usage and requirements.

## Business setup

- Selection from a first-of-its-kind directory of business activities that formally recognise and accurately reflect a variety of green businesses' services/products
- Discounted Green Licence fees with flexible licence durations and setups including dual licensing
- Preferential leasing and occupancy terms

## Startups and SMEs

- Consideration for UAE national growth programmes such as Future 100 and UAE Future 50
- Showcasing opportunities through the UAE Startup Forum held as part of the annual flagship Investopia UAE event
- Invitations facilitated by the Ministry of Economy and Tourism to local and international business missions and engagements
- Collaboration opportunities with MAJRA, the UAE's national platform supporting sustainability-driven businesses and initiatives

## Engagement support

- Business profile and logo visibility across Expo City platforms
- Annual social media promotion and ongoing digital engagement
- Complimentary introductory media training session
- Preferential rates on Expo City marketing and communications services

## Sustainability services

- Showcasing opportunities for business' sustainability achievements in the Expo City Dubai Annual Sustainability Report
- Expert support to achieve and maintain international LEED and WELL Health-Safety certification
- Worker welfare advisory support and training, aligned with international best practice
- Annual customised sustainability clinic with tailored guidance to advance climate action, circular economy practices and sustainable operations
- Participation in sustainability-focused initiatives, events and conferences

## Collaboration opportunities

- Participation in the Green Majlis, a new forum for leadership dialogue and action on sustainable solutions to further develop environmentally conscious businesses and networks
- Bespoke advisory session with Urban Lab for piloting and testing capabilities and opportunities
- Discounted rate for pilots run through the Urban Lab pilot programme
- Facilitated introductions to industry, government and ecosystem partners

## Innovation and Intellectual Property support

- Fast-track access to the UAE Green Intellectual Property Desk located at Expo City
- Support for commercialisation and investor connections
