EXPO CITY DUBAI

Expo Green Licence™

Set up your business and shape a more sustainable future at the UAE's first Green Innovation District

Expo City Dubai's Green Innovation District is **powering sustainable businesses through a purpose-built ecosystem** established to attract, enable and scale sustainable and climate action-focused businesses, supporting the UAE's economic diversification and net zero ambitions.

The Expo Green Licence, a pioneering product from Expo City Dubai is designed to nurture environmentally conscious businesses committed to advancing clean energy, circular economy and green technology and solutions by offering exclusive benefits that support their growth and innovation.

Who it's for

Green, clean technology and climate action-focused businesses, from startups to established companies committed to strong environmental, social and governance practices.

What you get

Green Licence holders have access to a wide range of business support services and amenities with a total potential value of more than AED 400,000.

*Estimated value based on market rates for comparable services. Actual value received depends on individual business usage and requirements.

Business setup

- Selection from a first-of-its-kind directory of business activities that formally recognise and accurately reflect a variety of green businesses' services/products
- Discounted Expo Green Licence fees with flexible licence durations and setups including dual licensing
- Preferential leasing and occupancy terms

Innovation and Intellectual Property support

- Fast-track access to the UAE Green Intellectual Property (IP) Office located at Expo City
- Support for commercialisation and investor connections

Startups and SMEs

- Consideration for UAE national growth programmes such as Future 100 and UAE Future 50
- Showcasing opportunities through the UAE Startup Forum held as part of the annual flagship Investopia UAE event
- Invitations facilitated by the Ministry of Economy and Tourism to local and international business missions and engagements
- Collaboration opportunities with MAJRA, the UAE's national platform supporting sustainability-driven businesses and initiatives

Sustainability services

- Annual customised sustainability clinic with tailored guidance to advance climate action, circular economy practices and sustainable operations
- Showcasing opportunities for businesses' sustainability achievements in the Expo City Dubai Annual Sustainability Report
- Expert support to achieve and maintain international sustainability certifications
- Worker welfare advisory support and training, aligned with international best practice
- Participation in sustainability-focused initiatives, events and conferences

Engagement support

- Business profile and logo visibility across Expo City platforms
- Annual social media promotion and ongoing digital engagement
- Complimentary introductory media training session
- Preferential rates on Expo City marketing and communications services

Collaboration opportunities

- Participation in the Green Majlis, a new forum for leadership dialogue and action on sustainable solutions to further develop environmentally conscious businesses and networks
- Access to testbed facilities
- Facilitated introductions to industry, government and ecosystem partners
