AIR HOGS

Gravitor

Air Hogs Gravitor takes on zero gravity flight movements with the power of your hands. Unlike remote control toys, Gravitor can fly without a remote. The Air Hogs Gravitor senses what's below and hovers above it. Use your hands or body to control Gravitor and master countless tricks, including the shoulder slide, kick flip, boomerang and more. Use the trick stick for tossing and catching and more ways to play with friends. With durable and lightweight construction, the Gravitor is a great indoor drone – bounce and rebound without damaging walls or furniture.

Age: 5+; SRP: $19.99 (USD) $24.99 (CAD)

Jump Fury

Catch extreme air with Jump Fury, the all-new innovative RC truck from Air Hogs Super Soft. Take remote control trucks to new heights and jump up to 22 inches high with this all-new innovative RC truck. Jump on, over and on top of the competition. Go wild indoors and master epic stunts including 360-degree spins, flips, drops, rebounds and more. The innovative performance wheels are super soft they won't scratch walls or furniture, so it is safe to play indoors.

Age: 5+; SRP: $39.99 (USD) $49.99 (CAD)
