

As we continue to drive the most positive impact and outcomes for our stakeholders and the environment, one critical lesson stands out. Our success or failure will be determined by our ability to focus on the topics most important to our stakeholders.

We are conducting a survey that will allow us to identify, prioritize, and act upon the environmental and social responsibility topics most important to you and your relationship with Mannington Mills. We hope you're willing to take ten minutes to complete this survey and share what's important to you.

For your completed survey, Mannington Mills will donate \$10 to Feeding America (that equates to 100 meals for our neighbors in need!).
