Our Difference is in the Details

1. Commercial-grade stain protection in a residential carpet. Our SureSoftSDN™ cationic nylon fibers repel acid-based stains. No worries about spills like wine, spaghetti sauce or pet stains.

2. Color through the entire fiber, not just on the surface. Our SureSoftSDN™ fibers are Solution Dyed, meaning they have the dye all the way through the fiber, like a carrot. Which means no fading and after years of wear from cleaning and wear and tear, the color of the carpet will still shine through.

3. Microban® Surface Protection Helping to protect 24/7 against the growth of bacteria, mold and mildew, and remain 99% cleaner than untreated surfaces.

4. Warranted for Stairs. How many carpets can you name that are warranted for stairs? We stand by our durability and performance of our SureSoftSDN™ fibers so much, this carpet is warranted for the stairs.
