

# VINYL SHEET

MANNINGTON®  
Begin to imagine

## Why Choose Vinyl Sheet

With both wood and tile looks that offer a realistic representation, this waterproof floor is ideal for high-moisture rooms, such as bathrooms, laundry rooms, and kitchens, because it can be installed without seams.

**FIBERGLASS BACK (LVS)** - Fully waterproof back; Provides superior comfort underfoot; More resilient during installation; Releasable bond during installation allows for easy repairs and updates.

**FELT BACK** - Best for direct installation underneath cabinets; Can be perimeter glued.

## Choosing Your Construction

Choosing which type of backing for the vinyl floor is just as important as the design. The backing on Mannington's vinyl flooring determines how the floor must be installed.

### CARRARA

Carrara marble is timeless and classic. Our Carrara features a 12" marble hexagon with a dramatic contrast of colorful veining and subtle shading. Available in 2 colors. Available in LVS and Felt.

### MOROCCO

Morocco is a 6" encaustic tile pattern that combines a variety of stylized Moorish decorative motifs, creating an artful collage. This was designed with the retailer in mind. The economy match of 6" x 6" allows you to use every bit of the roll and minimize waste in even the smallest of installations. Available in 2 colors. Available in LVS and Felt.

### ANCHORAGE

Our multi-length plank look mimics weathered shiplap containing an array of imperfections, paint degradation, and bold color. Available in 2 colors. Available in LVS.

### BLACK MOUNTAIN OAK

Black Mountain Oak, one of our best-selling patterns, features a new color for 2019, Pebble. The 4" x 36" hardwood plank pattern combines a fine sawn finishing technique with natural distressing, giving the realism of natural wood a modern update. Available in LVS.
