

Anthology | Parchment

Three wood looks. One beautiful floor.

Our latest addition to the Restoration Collection®, Anthology, captures the true essence of natural wood beauty. Anthology combines the look of the three most widely used species in flooring; White Oak, Hickory, and Maple. Anthology is Mannington's first laminate flooring pattern to feature 20 unique plank visuals, more than double the number of planks of our competition. This variety adds to the realism and beauty of this timeless floor.
