## Handcrafted Hardwoods

Select hardwood styles are truly handcrafted, including **Chateau**. It begins with sourcing the finest hardwood species from around the world, selected by a team of hardwood experts.

Hand-scraping and planing are carefully done by artisans to add character, depth, and detail. The next step of hand-staining and glazing brings out the natural beauty of the wood.

The patterns are designed by Mannington's expert stylists, brought to life by hand by craftspeople who've spent years perfecting their skill.

Every inch of every plank is touched by a human, by true artisans from Guatemala.
