

CIRCULAR

13-10-2026

Dear Parents,

In accordance with NEP 2020 and CBSE directives, we are offering Advanced Mathematics and Advanced Science as optional subjects only for Grade 9. As previously informed, the Third Language (R3) course will also commence this academic year.

The Advanced Mathematics and Advanced Science programmes are intended to provide students with opportunities to develop deeper conceptual understanding, analytical thinking, application of concepts, problem-solving abilities and higher-order thinking skills.

Kindly note the following.

- Advanced Mathematics and Advanced Science are purely optional subjects. The form needs to be filled and submitted ONLY if the student wants to study either or both of these subjects.
- Students may opt for Advanced Mathematics only, Advanced Science only, or both subjects.
- Students opting for an Advanced subject will appear for the regular Mathematics and/or Science examination AND an additional 25-mark Advanced Assessment during the Annual Examination 2027.
- One additional hour will be allotted for the Advanced Assessment.
- Students who do not opt for the Advanced subjects will appear only for the regular Mathematics and/or Science examination, based on the prescribed syllabus and textbook.
- Parents are advised to carefully consider their child's interest, aptitude, academic preparedness, and readiness to undertake the additional level of learning and assessment before making a choice.
- Parents are requested to discuss the available options with their child and make an informed decision in the best academic interest of the student before filling the form using the link below. Please fill and submit the form on or before **15th October 2026**.

[Advanced Mathematics & Science Selection Form](#)**Third Language (R3)**

The III Language (R3) Programme focuses on developing students' functional and communicative language skills during the academic year, with particular emphasis on listening and speaking skills.

Kindly note the following points

- The R3 language allocation for students has been made based on the language preferences collected from parents in June 2026.
- The allocated III Language will be offered to students as per the school's academic plan.
- Listening and Speaking skills will form an integral part of the R3 assessment process and will be assessed prior to the Annual Examination.
- Parents are requested to encourage their child to actively participate in the R3 programme and provide the necessary support for the development of their language skills.

Parents are requested to take note of the above information and extend their cooperation and support for the smooth and effective implementation of the Advanced Mathematics, Advanced Science and III Language (R3) programmes.

Thank you for your continued cooperation and support.

**Principal**
