- ▶ 405) Consider whether 2018 and 2019 tax returns should be amended and/or an accounting method change is necessary due to the CARES Act provision providing that QIP is eligible for bonus depreciation retroactively to Jan. 1, 2018.

- ▶ 406) Did the partnership/LLC acquire any software in the taxable year? If so, determine whether the 36-month depreciation rules can be applied.

Interest

ATI is taxable income before business interest expense, depreciation, NOLs and non-business income. Interest expense subject to the limitation does not include floor plan financing interest.

Long-term contracts

▶ 424) Did the partnership/LLC enter any contracts for the manufacture, building, installation or construction of property in the taxable year that were not completed at the end of the year? If so, consider electing the simplified method of allocating costs or the modified percentage-of-completion method. Determine the percentage of completion based on costs incurred and verify that all required costs have been allocated to the contracts. Note that beginning in 2018, the completed contract method has been expanded to apply to contracts for the construction of real property that is expected to be completed within two years or less if the taxpayer meets the \$26 million gross receipts test (an aggregate test).
