About the conference

The AICPA National Governmental and Not-For-Profit Training Program provides hands-on training. It helps attendees better understand the numerous regulations, compliance, ethical and governance issues surrounding government and not-for-profit entities. Standard setters and industry experts lead the conference, speaking on a wide range of topics, including best practices, single audit and tax issues. Through networking sessions, participants can interact with key policymakers and network with peers, offering them the opportunity to mix with the best and the brightest decision-makers.

Over 650 attendees are eager to exchange ideas, talk with solution providers, explore the latest products and learn new processes. We invite you to keep your revenue channel active while elevating your organization's visibility among this key audience.
