What is a supporter?

The Supporter Program showcases your organization as a leader of diversity, equity and inclusion initiatives alongside the AICPA & CIMA. Additionally, attendees of the Women's Global Leadership Summit see how your organization is inclusive, progressive and supportive of the advancement of women. The program also includes access for a group from your firm or company to attend, and exclusive promotional and engagement opportunities before the conference and while on-site.

"RSM believes women are at the forefront of a compelling digital and global world, as well as an impactful accounting profession. We are proud Supporters of the Summit as we evolve, elevate, and engage women together!"
